TO GET REPORTS ON COAL SUPPLY

**S. L. Trabue, Who is Sworn in as
Fuel Administrator Today, Sends
Inquiries to Dealers.**

PROMPT REPLIES ARE URGED

**Purpose of Fuel Administrator Not
to Antagonize But to Co-Oper-
ate With Dealers.**

MAY LIMIT PURCHASES

(By United Press.)
Indianapolis, Ind., Nov. 2.—
Limitation of each purchase
of coal was recommended by
Evans Woolen fuel director for
Indiana today. He said that it
would be unfair now to allow
one consumer to lay in an en-
tire winter's supply while oth-
ers would have to make pur-
chases from week to week.
Coal administrators for coun-
ties were asked to report
Thursday of each week on the
amount of coal that will be
needed for next week and then
they will ship it.

With the taking of the oath of
office today, Samuel L. Trabue really
became Rush county fuel adminis-
trator, although he probably will not
receive his commission before Mon-
day, and began immediately to make
preparations to get a report from all
county fuel dealers on the amount of
coal on hands and in transit, so that
he can report the situation as
respects Rush county to the state
fuel administrator, Evans Woolen,
Monday.

The relief Rush county gets from
the state fuel administration, Mr.
Trabue said today, depends on the
showing made here, and for that rea-
son he urges the prompt reply to the
inquiries sent out today, of all coal
dealers in the county.

Mr. Trabue made clear that the in-
tentions of the county fuel adminis-
tration were not to hinder or retard
the business of the coal dealers, but
to co-operate with them. He said he
felt sure he would have the co-oper-
ation of all dealers because it was
not the purpose of his office to set
up community coal bins, but that all
coal sold in the county should be
handled through the regular chan-
nels, the coal dealers. The fuel ad-
ministration, he explained, does not
want to antagonize them, but will
try to get all to work together.

When the County Council of De-
fense was asked to recommend a
county fuel administrator, among the
instructions was a paragraph calling
for the appointment of a committee
to work with the administrator. Mr.
Trabue says he has no instructions
on this subject, but that he expects
explicit instructions by the first of
next week, for he was in communica-
tion with the state fuel administrator
by telephone this morning and asked
for them.

There are approximately one doz-
en coal dealers in the county—three
in Rushville, one dealer at Car-
thage, two at Arlington, two at
Milroy, two at Falmouth and one at
Glenwood—so far as the county ad-
ministrator knows. He set about to-
day sending out cards of inquiry to
them to get the available supply in
the county, and the number of tons
in transit.

The cards provide in addition to
giving the number of tons, the kind
of coal both on hands and in transit
be specified. On the back of the
card it is set out that "Under the
United States Food and Fuel Con-
trol Act you are required to report
the amount of each kind of coal you
have on hands—that is in bins, yards
or cars and the price per ton for
which you are selling each kind."

These first inquiries, however, do
not request the dealer to state the
prices he is charging. That part of
the investigation will be postponed
until a later date.

Mr. Trabue endeavored to learn

RALEIGH MAN IS INJURED

**Dell Miles' Foot is Injured in a
Feed Cutter**

Dell Miles of Raleigh suffered a
very painful injury yesterday at
Newcastle when his foot was caught
in a feeder and the ligaments torn
loose. Mr. Miles had gone to New-
castle to ship some stock and when
feeding them, he attempted to force
some feed into the cutter with his
foot. The belt on the machine
caught his foot and pulled it in with
such force that it was sprained and
the ligaments torn. He was taken
immediately to the hospital in New-
castle and his wife and son were
sent for. It was heard here that
there was danger of the foot hav-
ing to be amputated, but today it
was reported he would recover.

ALL OFFICERS ARE RE-ELECTED

**E. B. Thomas at Head of Rush
County Chapter of Red Cross
For Coming Year**

THEY SERVE LESS THAN YEAR

**Directors Vote Expression of Ap-
preciation of Mrs. A. G. Reeve
For Her Work**

All of the officers of Red Cross
were re-elected at the meeting of
the director's of the society held at
the headquarters last evening with
E. B. Thomas, chairman; Miss
Henrietta Coleman, vice-chairman;
Mrs. Harrie Jones, secretary; and
Lewis M. Sexton, treasurer. The
fact that they were unanimously
elected proves that their untiring
efforts for the society have been
appreciated and a great deal of the
success of the Red Cross work in
the county has been due to the cap-
ability of the officers.

Last night was the annual meet-
ing of the directors, which is pro-
vided for in the by-laws of the na-
tional society, stating that officers
be elected at this time each year.
The present officers have not served,
nearly a year, as the society was
started only about seven months
ago. Eighteen of the director's were
present at the meeting. At a meet-
ing last week, twelve directors were
re-elected for the coming three
years so the personnel of those at
the head of the society remains un-
changed.

It was voted at the meeting last
evening to send an expression of ap-
preciation to Mrs. A. G. Reeve, who
at present is ill, for her work in or-
ganizing and building up the surgical
dressing class. Rushville was very
fortunate in having one as capable
as Mrs. Reeve to take charge of the
bandage work and her former ex-
perience as a nurse proved a great
advantage in having her a worker
in the society. The expression, sent
by the secretary, represents the
will of the entire society as well as
the directors.

NEW CONTINGENT OF U. S. TROOPS FIGHTING

(By United Press.)

With the American Army in
France, Nov. 2.—A few minor cases
of ordinary illness and two men
suffering from what was apparently
"trench feet"—this was the casualty
list today for America's first de-
tachment in the trenches. The first
contingent to undergo trench train-
ing returned to billets last night,
another batch of men taking its
place.

Two silent khaki-clad columns
met in the moonlight in the valley
and called low-voiced greeting. One
marched to the trenches. One re-
turned to the rear.

WILL INCREASE RECEIPTS \$6,000

**New Postal Rates Will Make Re-
venue at Rushville Postoffice
Much Greater**

THEY GO INTO EFFECT TODAY

**Special War Tax on Parcel Pos-
t-packages Are Not Effective
Until December 1**

The receipts at the postoffice will
be increased \$6,000 annually by the
new postage rates going into effect
today, it is estimated by G. P. Hunt
postmaster. This is merely an es-
timate and is based on the total re-
ceipts for the past year, which
amount to \$20,000. At that rate
about \$26,000 will be taken in dur-
ing the coming year, an average of
\$86 per day.

This does not take into account
the increased rates in second class
matter which goes into effect the
first of July, 1918. Second class
matter includes newspaper and
periodical publications. The present
rate for second class matter is one
cent a pound. After July first, the
rate will be 11 cents per pound, so
far as it affects Rushville papers.
Last year, the receipts from second
class matter at the local postoffice
were approximately \$1500.

It is impossible to figure the in-
crease definitely as thousands of
pieces of mail pass through the
hands of the postoffice employes
daily. A considerable shrinkage in
the volume of first class postal
matter might occur. There is sure
to be, with the increased rates, a
decrease in the sending of indis-
criminate first class matter such as
business solicitations and form let-
ters.

The new parcel post rates go into
effect December first of this year.
Under the new war revenue law,
there shall be a tax of one cent on
each parcel post package, the post-
age on which amounts to 25 cents
and an additional one cent tax for
each additional 25 cents postage or
fractional part thereof. This is a
comparatively small amount but will
noticeably increase the receipts, es-
pecially during the Christmas mail-
ing.

Starting last evening at eight

TWO DIVORCE SUITS, ONE ECHO OF TRIAL

**George W. Price, Freed of Wife De-
sertion Charge, Asks Decree
of Separation From Wife**

MARY BEAVER WANTS DIVORCE

Two divorce suits were filed in the
circuit court late yesterday after-
noon, one of them, that of George
W. Price against Tressie M. Price,
being an echo of a recent criminal
trial in court when Price was
freed of a charge of wife desertion.
The other suit was brought by Mrs.
Mary F. Beaver against Ulysses G.
Beaver, local stock buyer.

The only charge contained in the
Price complaint is that Mrs. Price
had illicit relations with James Al-
fred, who enlisted in Company B
here and is now in Battery A, 139th
Field Artillery, Camp Shelby, Miss.
In his own defense in the wife de-
sertion case, Price introduced a
letter from Alfred to Mrs. Price
revealing the relations between her
and her soldier lover. They were
married in Indianapolis July 16,
1917 and separated September 1.

Mrs. Beaver charges her husband
with failure to provide for the last
two years, with having a "violent
and uncontrollable temper;" also
that he cursed her and her children.
John A. Tittsworth is the attorney
for the plaintiffs in both cases.

PASTORS CONFER OVER ENDOWMENT

**Methodist Ministers of Indiana Con-
ference Discuss Plans to Raise
Money For Moores Hill.**

ADDRESS BY DR. A. T. HUGHES

**President of College Says His School
Will Specialize in Vocational
Courses.**

"No young person in our church
need feel they cannot attend college
because of lack of funds after the
endowment has been raised for the
Moores Hill college in its new site,"
stated Dr. Alfred T. Hughes, presi-
dent of Moores Hill college, at the
St. Paul's M. E. church in this city
last evening. The excellent address
given by the college president also
showed how the new plans for the
college provided for finding the best
in the student while in school and
preparing him to continue the work
he was best fitted in.

The school which is soon to be
moved to Evansville will specialize
in vocational courses. Instructors
will carefully watch each student to
see what line he is best fitted for and
at the end of the second year, he will
be encouraged to specialize in that
work. The speaker urged the neces-
sity of college students having a
definite aim and working toward that
goal.

Today, the meeting of the minis-
ters of the Indiana conference was
held at the St. Paul's M. E. church,
for the purpose of planning for the
raising of the half million endow-
ment the conference is asked to fur-
nish in addition to the half million
Evansville has offered.

Dr. Jenkins on the educational
committee of the church, gave a very
forceful address this morning and
Dr. Hughes and Dr. McKay, also of
the educational committee gave ex-
cellent talks this afternoon. About
thirty-five ministers, from all over
the southern part of the state, at-
tended the meeting. Dinner was
served at the church this noon for
the visitors by the ladies of the
church.

At the meeting last evening, Dr. C.
E. Bacon presided; Dr. Walker gave
the prayer; Dr. Freeland read the
scripture and music was furnished

STOCKHOLDERS WILL NOT HELP CONCERN

**Dozen Out of 82 Attend Meeting
Called to Try to Pull Modern
Appliance Co. Through**

CREDITORS TO MEET NOV. 16

A meeting of the creditors of the
Modern Appliance company will be
held in the office of Samuel L. Tra-
bue Friday afternoon, November 16
for the purpose of electing a trustee
in bankruptcy. The local concern
was recently thrown into involun-
tary bankruptcy when a petition in
bankruptcy was filed in federal
court in Indianapolis.

The company will in all prob-
ability go through the regular
bankruptcy proceedings as the
stockholders, at a meeting yesterday
afternoon, did not show enough in-
terest to offer a composition, which
it is stated is the only means of
saving the concern. Out of eighty-
two stockholders, all of whom were
notified of the meeting yesterday
afternoon in Mr. Trabue's office,
only about a dozen appeared. The
majority of them were willing to
make a settlement with the credi-
tors if all the other stockholders
would do their share, but they did
not feel justified in making any ef-
fort to get a settlement since the
stockholders not present were not
interested enough to attend

TRUSTEES GET CLEAN BILL

**Report by State Board of Accounts
on School Board**

The state board of accounts gave
the local school board a "clean bill"
after going over their report for the
past year. The only suggestion
made to the local board was that the
new treasurer install a uniform
system as is prescribed by the board
of accounts. The report was rec-
ommended as a "clean bill" because
of the fact that all records were in
balance, all forms and records prop-
erly kept, there were bonds ap-
proved, contracts made with the
teachers, competitive bids were re-
ceived as provided by law, and the
balances in closing the report were
the same as at the beginning of the
report.

REPORTS SHOW SIX HAVE DIPHTHERIA

**Cultures From Throats of Jackson
School Pupils Returned, Half
Dozen Showing Positive**

ALL ARE TAKEN FROM SCHOOL

**May Be Only Carriers of the Germs,
But Are Placed Under Quaran-
tine By Board**

The report from the board of
health at Indianapolis given to Su-
perintendent J. H. Scholl yesterday
was that six of the cultures sent in,
from the throats of the children of
the Jackson school, showed signs of
diphtheria. There is a possibility
that in all of the cases, the children
are merely "carriers" of the disease;
that is have the germs in their throat
but may not be ill with it themselves.
The children were immediately tak-
en out of school. Dr. E. I. Wooden,
secretary of the board of health
here, called the state board concern-
ing the situation and was instructed
to treat each child as if he had the
disease. Even if the child is only
a carrier of the disease, he is to have
the same treatment as a patient with
the disease would have and the home
is to be quarantined, unless the child
can be isolated in the room.

The doctors are watching care-
fully any signs of the disease in the
school and too, are being very strict
about releasing the patients from
quarantine. A new ruling has been
made that every morning, the visit-
ing nurse is to get the reports from
each doctor on the diphtheria pa-
tients and only on her authority then
can they be released.

During the course of the epidemic,
the disease has been in 28 homes,
and there have been 38 patients.
Four deaths have resulted from it.
One home has had scarlet fever in
it and there were two patients with
it. Ten homes have been fumigated.
This report covered all cases up to
Sunday.

ITALIAN ARMY IS WITHDRAWN INTACT

(By United Press.)

Rome, Nov. 2.—Withdrawal of
Gen. Cadorna's third army practi-
cally intact was achieved by unparal-
leled heroism of Italy's fighting
men. Enough of this story of valor,
unfaltering courage and supreme
sacrifice of the Italian defense,
reached here this afternoon to
arouse the whole capitol to a thro-
b of patriotic pride and make the
conviction certain that Italy's men
would stem the tide of invasion.
Withdrawal of the third army was in
itself a strategic feat not approach-
ed in any of the war's maneuvers.
Practically encircled by the Ger-
man-Austrian forces, the men nev-
ertheless cut themselves out, fighting
hour after hour and day after day
without complaint.

ARE STANDING ON COUNCIL'S RECORD

**Republican Candidates Say They
Are Willing to be Judged by
What is Accomplished**

MAJORITY ASK RE-ELECTION

**City Will Have Bank Account of
More Than \$40,000 When Fall
Taxes Come In**

Republican candidates for city
offices are convinced that the issue
in the campaign which will close
with the election next Tuesday is
the business-like administration of
the present council, the majority of
which seeks re-election, and not the
number of policemen employed.

The four members of the coun-
cil who are candidates are willing to
stand on the record of the adminis-
tration which has been conducting
the affairs of the office for four
years. They are not ashamed of a
record which shows accomplish-
ments such as the accumulation of
a bank account of \$21,000, the
paying off of \$19,000 in bonds ma-
turing and the expenditure of \$12,-
500 in refunding money water con-
sumers paid for meters.

By the first of the year, when the
present council turns over the city's
business to its successor, the bank
account will be much larger. The
city will receive approximately \$23,-
000 from the county as its share of
the fall installment of taxes. This
will increase cash on hands to the
sum of approximately \$44,000. The
amount on the right side of the
ledger the first of next year will in
all probability be larger because all
outstanding debts are paid, and in
view of its past record, it is just to
assume that the accumulation of
money will be larger.

This, it is pointed out, is in rare
contrast to the unbusiness-like pro-
cedure of the administration before
the present one, which left an in-
debtedness of more than \$20,000
borrowed from the banks and in old
claims for the new council to as-
sume. The present council at once
disclosed its business sense by re-
funding the money borrowed from
the bank at 6 per cent and issuing
4 per cent bonds. In addition to all
this, the council has reduced the tax
rate ten cents.

The Republican candidates believe
that any voter who will study the
record of the present council can
have no choice but to vote for
them, if they have the best interests
of the city at heart.

Republican candidates are devot-
ing their time informing voters that
they will not lose their vote because
they have not registered. There
has been misunderstanding about
this from the first. The new regis-
tration laws in the state provide for
registration for a municipal election
only in a few of the larger cities of
the state. The only thing a voter
has to do is to be qualified as to
residence.

The main thing for them to re-
member is they DO NOT HAVE TO
REGISTER.

RUSSIA WILL STAND WITH HER ALLIES

(By United Press.)

Washington, Nov. 2.—That Russia
will stand by her allies and make no
special treaty with Germany was an-
nounced today. For the time being
—possibly until spring or summer—
Russia is putting the burden of ac-
tive warfare against the Teutons on
the shoulders of her allies. Russia
has not and will not negotiate for
special peace. Following a week of
distress, Russia not only withdrew,
but was actually planning to negoti-
ate for peace with Germany.

It was officially stated by Secre-
tary Lansing America and the allies
are giving "all possible assistance."

ATTENTION! Farmers and Feeders

The RUSH CO. MILL is running day and night for the Government. Feed is stocking up on us and we will make special prices to Feeders in ton lots and up. We have the best Mill Feeds on the market and feeders had better take advantage of this opportunity and lay in a good supply, as it will be impossible to buy Mill Feeds next spring.

We are in the market for Old White Corn at a fancy price. Will also be in the market for all the New White Corn in Rush County at a premium.

We also want to buy your Baled Hay and Straw.

We are still paying \$2.08 for No. 2 Wheat.

RUSH COUNTY MILLS

Home of "Clark's Purity"

Food Conservation Week

This week has been set aside by the food administration as Food Conservation Week.

The purpose of the campaign beginning this week is to get us to substitute foods that are plentiful for those that are scarce.

WHEAT, MEAT, SUGAR AND ANIMAL FATS

Every home in Rush county should begin a system of substitution right now.

Also remember that every bit of food saved now will have its effect on shortening the war, so save as well as substitute.

We take pleasure in listing below a number of articles from our stock that will assist in making the wheatless, meatless and sugarless days easy to prepare for.

In place of wheat we suggest corn meal, oatmeal, hominy, rye, or buckwheat flour.

For meat you may use fish, poultry, sardines, salmon, nuts and eggs.

For sugar use molasses or honey. Eat dates, figs, raisins, peaches, prunes or apricots. Use jams, jellies, and preserves. Save sugar by all means.

In place of animal fats use Crisco, olive oil, corn oil, peanut butter and cheese.

Our window this week will be devoted to displays in keeping with the spirit of Conservation Week.

BRONCHO WISHED ON DETACHMENT

Bucking Horse Which Threw Chaplain of 139th Given to Infirmary at Camp Shelby.

THEY WILL RIDE ANYTHING

Rumors Afloat That Artillery Regiments Will be Sent to Philippine Islands.

Camp Shelby, Miss., Nov. 2.—The infirmary of the 139th Field Artillery, formerly the sanitary detachment of the old Fourth Indiana of Rushville, Ind., now has two government horses and one pack mule. They are also using a small broncho for orderly work.

The infirmary had one horse wished on it. The chaplain of the regiment had been using the animal, but was thrown several times and gave up trying to ride him as a bad job, so the infirmary grabbed on to him as they are riding everything from a hobby horse to a zebra.

There are rumors here that after sixteen weeks of training the Artillery regiments are to be sent to the Philippine Islands to relieve the regular army. While all think they would enjoy a stay over there, they cannot make themselves believe that heavy artillery will be sent there.

Quite a number of the soldiers here visit the neighboring towns on Sunday, Gulfport and Biloxi being the two chief points of interest. Gulfport is 70 miles from Hattiesburg and Biloxi, 12 miles farther. Those from the Sanitary Detachment who made the trip Sunday were McNeely, Sharp, Chipman and Schrichte. Benning and Dagler were New Orleans visitors.

The trip to Gulfport is made in about 2 hours. A 45-minute ride on traction car along the gulf coast puts one in Biloxi. The Gulf of Mexico is in sight all the time while on the car, at most points the water's edge is less than 50 feet from the tracks.

The particular points of interest between these towns are the former home of Jefferson Davis, which has been converted into a Confederate soldiers home by the state of Mississippi, and the Mississippi Centennial buildings, which were to be used at Centennial celebrations last year, but was postponed until 1919. The building and grounds are to be used as a Naval training station.

At Biloxi the soldiers were entertained with dancing, sailing, motor boating and swimming at the Biloxi Yacht Club.

HOG QUOTATIONS OFF 25 TO 50 CENTS

LIMIT SALE ALL KINDS OF SUGAR

Grocers Put Ban on Brown, Powdered and A Sugar Because of Shortage Growing Worse.

LOAF KIND CAN'T BE BOUGHT

Dealers Have Trouble Buying it From Wholesalers—Orders of Canned Goods Cut Down.

The solution to the problem of the shortage in sugar and other grocery supplies, according to local grocers, is for the consumers to buy in small quantities, getting enough for only a few days ahead until the situation is relieved. The shortage in the first place here would to a great extent have been avoided had people bought in smaller quantities.

Several days ago, the supply of granulated sugar allowed a customer was limited. Recently the amount of all sugars, brown sugar, powdered sugar and A sugar sold a customer was limited. Some grocers will sell a quarters worth and others sell fifteen cents worth of these sugars. The loaf sugar cannot be purchased by the grocers and they have only the supply on hands to sell.

The dealers in turn are having their problem in purchasing their supplies. Wholesalers will only sell sugar to retailers who have formerly depended upon them for their supply and then sell only a hundred pounds in a lot. One dealer reported today that people in this district would no longer get cane sugar, they would be supplied with beet sugar alone. The reason for this, if the ruling passes, is that Indiana and Michigan are in the beet sugar district and as far as possible, each district is to depend upon its own resources.

The agitation for food conservation and food substitution has had its effect, the grocers state. Cornmeal is being sold as it never was before and other articles are being bought in quantities. The change is coming gradually and even greater demands for the foods people are asked to eat will come. In fact, they will have to.

It is remarkable sugar has not gone up in price. It will be remembered, when two years ago the sugar shortage occurred the product went up three or more cents a pound. However, the price of ten cents a pound has remained during this shortage.

Few grocers, if any, are receiving their full orders of canned goods. This is partly due to the fact that many crops of vegetables and articles for canning were not up to the standard and partly because of the demand of the government for food for the armies. Each canning factory has to send a percentage of its output to the government. Seventeen per cent of canned tomatoes and salmon go to the government, and other canned articles go in proportion to their need.

TODAY EXPECTED TO SET NEW RECORD

Three Railroads Taxes Arrived This Morning, Making Prospects For Collections Good.

OVER \$20,000 PAID YESTERDAY

The county treasurer's office expected to set a new record for one day of the fall taxpaying season today. It was estimated that collections would be somewhere between \$25,000 and \$30,000. A good start was given the day's collections when the taxes from three railroads were received in the morning's mail. The C. I. & W. paid \$4,965.77; the L. E. & W. \$861; the Pennsylvania, \$3,633.45.

Collections yesterday mounted to the highest mark yet reached this season, \$20,537.27. This left approximately \$72,000 to be collected on the fall installment when the office opened for business this morning, with three days in which to collect it. The average must be close to \$25,000.

The office will be open after seven o'clock in the evening, tomorrow and Monday night.

—Mrs. Olive Hall, formerly of this city has gone to her home in Cincinnati after visiting Mr. and Mrs. Dell Miles of Raleigh. Mrs. Hall was enroute home from a three months visit in California.

—Dr. L. T. Freeland and J. M. Walker, who are attending the ministerial meeting at the Methodist church here, are the guests of Mr. and Mrs. Charles Hugo. Mr. and Mrs. L. B. Miller are entertaining Dr. Hughes and Dr. McKay, who are also here for the meeting.

W. S. Thompson, Asking Divorce, Says Wife Used Vile Terms

William S. Thompson today filed suit for divorce against Georgia E. Thompson, alleging cruel and inhuman treatment. They were married July 30, 1917, and separated October 24, the complaint says. Mrs. Thompson has returned to her former home in Indianapolis. The plaintiff alleges she was quick and high-tempered and called him "an ornery dog" and other cruel and vile names. T. M. Green is attorney for the plaintiff.

WILL INCREASE POSTAL RECEIPTS BY \$6,000

Continued From Page 1

o'clock, the rules which went into effect as a result of the war tax are: every letter, except drop letters, requires three cents postage; drop letters require two cents postage and include only those addressed to Rushville or Rushville rural routes; postals, regardless of destination, require two cents; this is with the exception of the large mailing cards sent out as advertisements, those without handwriting and not bearing the words "Postcard" or "Private Mailing Card." This is the only exception to the rule of two cents on post cards. The changes will be adjusted easily at the postoffice if the public co-operates in observing the new rules.

A marriage license has been issued to Sylvia Marsh and Elmer Aldridge.

Days Pickings

The estate of Anna M. Demmer has been admitted to probate in the circuit court. It provides the estate, which amounts to about \$4,500, shall be divided in ten equal parts among her eight living children and the heirs of her two deceased children. In a codicil she provides the share of her son Nicholas shall be in charge of her son-in-law, Louis Walters. Another codicil says \$96 shall be deducted from the share of Maggie Schatner and divided among the other heirs. Frank J. Hall is executor of the estate.

Charles H. Ryan was elected and installed as Past Consul and Frank Mzingo as Escort of Burr Oak Camp, Modern Woodmen of America, last night, and arrangements made for a class adoption the latter part of this month. The degree team is practicing regularly. Five candidates have already been secured for the class.

John Holmes has resigned as carrier on the rural route from the New Salem postoffice. He was transferred from Glenwood to New Salem the first of August when the routes were changed in this county and the number reduced. He has been making his home in Glenwood while carrying the mail from New Salem.

The boiler of a Pennsylvania freight engine developed a leak this morning and stopped just east of the Main Street crossing. Traffic on streets west of Main street was held up for an hour and a half until an engine from Cambridge could be sent here to take the freight back on a siding.

Three large claims against the estate of John Ivins have been placed on the issue docket in the circuit court ready for trial, not having been allowed by the administrator. They were brought by Anna C. Harold, for \$448.69; Bert Ivins, for \$578.50; Dessie Ivins for \$500.

The Rev. U. G. Abbott who was recently transferred from the Richland circuit to Main street Methodist church at Connersville was recently given a reception by his church members and a donation at his home at 132 Fountain street.

All Rushville barbers, with one exception, have agreed to charge 35 cents for a haircut instead of 25 cents. All other prices will remain the same. Increasing cost of supplies is given as the cause for the advance in price.

Two claims against the estate of Edward Bell, one for \$18.50 filed by Bliss & Cowing and the other for \$80 filed by Walter E. Smith, have been docketed in the circuit court ready for trial.

The funeral services of George Abernathy will be conducted at the Christian church tomorrow afternoon at 2 o'clock, with the Rev. Mr. Parker in charge of the services.

Frank McCorkle as receiver for the Milroy Light company has filed a petition in the circuit court against N. G. Gloschen and P. M. Witters for the sale of real estate.

J. E. Caldwell of Jackson township has been ill for about a week with blood poisoning as a result of an injury from running a splinter in his hand.

The will of the late Samuel Griffith, who died at his home near Moscow several days ago, has been admitted to Probate in the circuit court.

The ladies of the Alter society of the St. Mary's Catholic church will hold an all day exchange Saturday, at the John Kelley grocery on Main street.

Rosa V. Ratliff has a claim against the estate of O. M. Cartmel for \$8.47 which has been transferred to the docket ready for trial in court.

The claim of Luther Caldwell against the estate of Harry Sweet for \$6 has been placed on the docket ready for trial in the circuit court.

The claim of Mary E. Hinshaw for \$36.96 against the estate of Charles W. Bramel is ready for a hearing in the circuit court.

John H. Frazee, who has been quite ill with blood poisoning, was able to walk down town for the first time today.

George Meid of near Andersonville has rented George Thomas' farm southwest of the city.

A train of artillery went east on the C. I. & W. yesterday afternoon.

With The Churches

—Arlington Methodist church, the Rev. F. M. Westhafer, minister: Bible school at 9:30 a. m. The pastors of the Carthage and Arlington churches will exchange pulpits, the Rev. Daniel Ryan going to Arlington for the day in accordance with a plan observed by all M. E. churches in the county. Epworth League will be held at 6 p. m. Sunday instead of Wednesday, on account of the coal shortage, subject, "Leavening the Foreign Avalanche," the Rev. J. L. Brown, leader; preaching at 7:00 p. m. Services will be held at Franklin at 2:30 p. m.

—St. Paul's Methodist Episcopal church, Rev. Clyde S. Black, pastor. Phone 1262: Sunday School at 9:15. This will be the beginning of the special Rally week work. Everyone be present and start the week's work well. Morning worship at 10:30. The Rev. E. Robb Zaring, D. D. of Chicago will preach the sermon. Epworth League service at 6 P. M. An interesting program is arranged for the young people. Evening service at 7. Sermon by Dr. Zaring. You have a cordial invitation to attend all of these services.

—First Baptist church, C. J. Bunnell, residence 612 North Morgan, phone No. 1911. Sunday school, 9:30; public worship, 10:45 a. m. and 7:00 p. m.; subject for the morning sermon, "Communion of the Lord's Supper"; the memorial supper will be observed at the close of the morning service. Theme for the evening service "The Mercy of God." An inspirational service will be held at two o'clock in the afternoon when the pastor wishes to meet all the members of the church.

—St. Mary's Catholic church; the Rev. M. W. Lyons, pastor; Sunday Masses at 8 and 10 a. m.; Sunday school and vespers 2:30 p. m.; Week day mass 8 a. m.

On next Sunday the annual pilgrimage to Calvary Cemetery will take place. A memorial service will be held in the church at 2:30 p. m. after which the congregation will go in procession to the cemetery where prayers for the dead will be recited.

—Homer Christian Union church, the Rev. P. O. Ort, pastor, Manilla, Ind.: Sabbath school at 9:30 a. m.; special rally day when every member is urged to make this the biggest school in its history; preaching at 10:30 by the pastor; no evening service on account of the revival at Rays Crossing; Christian Endeavor every Thursday evening at 7 o'clock. Revival meetings will start Thanksgiving evening. All are cordially invited to all these services.

—First Presbyterian church, 7 a. m. Quiet Hour; 9:30 a. m. Bible school; 10:30 a. m. Divine Worship; Sermon by pastor. "The Loom of Life;" 7 p. m. The evening service will be in behalf of the six boys of the church receiving war medals. Four special addresses will be made and patriotic music sung. Thursday, 7:30 p. m. prayer meeting.

—The regular services will be held at the United Presbyterian church Sunday with Sunday school at 9:30 and preaching at 10:45. The Young Peoples meeting will be at 6:30 and evening services at 7:00. Congregational prayer meeting, Thursday evening at 7:30.

—In view of the recent cessation of church and especially Sabbath school services, the pastors unitedly request that a special effort be made to bring things to a normal condition, if possible and feasible, this coming Sabbath.

—The services for the Glenwood United Presbyterian church for Sunday are Bible school at 1:30 and preaching by the pastor at 2:15 p. m.

Amusements

Two good films are in store for those attending the Gem theatre this evening when they see "Railroad Raiders," and "Perils of Our Girl Reporters." Each is filled with thrilling incidents emphasizing the points of the plot. Incidents of the day will be shown in the Mutual Weekly. For the Saturday program, True Boedman appears in the "Stinger." The comic features are to be "Cub Comedy," and "Jealous Jinks."

Blanche Sweet appears at the

The Penslar Store

Phone 1408. We deliver anything, anywhere, at any time.

Food Conservation Week

Feed our American boys, also our allies and wipe out the Germans. Save food and the end is near. Let us suggest how to save food, also other necessities—

COOK WITH

THE CHAMBERS FIRELESS COOKING GAS RANGE

Saves food in preventing it from burning; Saves shrinkage as there is no loss in this cooking device. Saves three-fifths of your time, so that time can be spent at Red Cross headquarters working for our boys. This is very essential. We can show you 50 reasons why this cooker saves food, gas, time, repairs, labor, heat, flavors and juices.

We carry all styles from \$30 to \$85. Installed on a Guarantee.

E. E. POLK

Princess theatre this evening in the "Tides of Barnegat." Here a heroic story is told of a young girl taking the blame of disgrace all for the sake of her sister, whom she saves. Tomorrow afternoon and evening,

Henry Walthall takes the lead in, "The Saints Adventure," at the performances tomorrow evening. It is a story of the shuns. Anderson—Housewives of Madison

on county have recently been approached by men who claimed to be representatives of the government, who appropriated canned food.

WANT ADS BRING RESULTS

Stronger Men Take the Lead

They Have Nerves of Iron and Real Red Fighting Blood

Vital force is the material from which leaders in all walks of life are made, it is well worth getting and holding.

The health and nerve of the athlete is what Nature intended every man and woman to have.

The blood of an athlete is pure and red, a strong heart pumps and drives it through his body. No wonder that every inch of his system, his nerves like iron, spirits high, hard tasks a pleasure and life one song of joy.

A leading Doctor says, "Everyone should feel this way. That if you are not red blooded, are nervous, all run down and on your last legs, for you to build up your blood and nerves with exercise, fresh air, nourishing food and Nature's great prescription Phosphated Iron a real blood and nerve builder."

Then you will be there with vim and push to easily do the work that you now do on your nerves alone.

He also says, "Phosphated Iron feeds the blood cells with iron and Nerve force, and that leading specialists are now using it successfully all over the country, that it has sprung into almost instant popularity with the better class of doctors as one of the few remedies they can depend on to produce results."

Special Notice—To insure physicians and their patients getting the genuine Phosphated Iron we put up in capsules only, so do not allow dealers to substitute any pills or tablets." PITMAN & WILSON and leading druggists everywhere, Rushville, Ind.—(Adv.)

An Unjust Accusation

Champ Clark raises his voice to accuse "a powerful ring of New York financiers" of plotting to make the second Liberty Loan a failure. Prior to this accusation the same thing, in different words, had been put forth by one of the McAdoo men who perform incantations in the administration press. Neither of the accusers has advanced any specifications to sustain the charge. No names have been mentioned—for the very good reason, we assume, that the law of libel has not yet been suspended because of the war. If Speaker Clark or Secretary McAdoo or any other leader of the Democratic party has substantial reason to believe that a concerted effort was made to handicap the Liberty Loan, in Wall Street or anywhere else, it is a public duty to lodge the information with the Department of Justice and to begin prosecution. The fact is that there is no basis for such an opinion. Wall Street, with all of its sins, is not guilty in this case. On the contrary, Wall Street and the institutions and corporations which Wall Street represents have done far more than their allotted part in making both Liberty Loans successful, not only by subscriptions of their own funds, but by securing the subscriptions of others and by giving the services of their foremost executives to help the Treasury Department put over a job, which was manifestly too big for the deserving Democrats who now infest the executive departments at Washington.

The military expert of the London Times has given Pershing's men the once-over, and pronounces them good to look upon. He also thinks that handsome is that handsome does, and that it will be a sorry day for the Boche when he goes up against the American army. All this is pleasing to our national pride; and when the test comes we shall have proof that it is truth and not taffy.

Mr. Edison says that the clothes of the future will be so cheap that any woman can follow the fashion without feeling the expense. The saving feature of this prophecy is that Mr. Edison carefully omits to state just how close that future is to the present.

Senator Borah of Idaho has announced that he will not be a candidate for re-election, and Mrs. Borah is being urged to make the race for the succession. Those Idaho folks must think the gray mare is the better horse.

No, the "German" is no longer a popular dance in allied countries.

The Task Before Us

By Senator James E. Watson

The Russians have fallen back. They will be months reforming their battle line, and with no responsible government, they may be permanently out of the struggle.

Great Britain has strained her resources to the breaking point. She has partly financed her allies; she has sent six millions of troops to the front; she has expended twenty-three thousands of millions of dollars, and she has well-nigh exhausted her great resources and depleted the energies of her colonies.

France is in deep distress. Her fields are laid waste; her great vineyards destroyed; her coal and iron fields are in the hands of the Germans; many of her cities lie in the blackened ruins; one-half of her entire male population has been killed or permanently wounded; she has expended thirteen billions of dollars; her railroads are almost useless; her entire system of transportation is in a deplorable state, and over the entire land is the blighting shadow of fear.

Italy is in the same desperate straits, and our other allies, save Japan, are incapable of great effort.

If all the allies press ship construction to the supreme limit, they can build an aggregate tonnage just about equal to that destroyed by the submarines.

Therefore, it is up to us to win or lose this war. We must either go on or back out. If we back out, Germany will whip the allies. She will take possession of the fleets of Eng-

land and France or whatever portion of them may be left; she will completely control the oceans of the world; she will sweep our commerce from the high seas; she will entrench herself in South American countries and in Mexico, and probably in Canada, and with her vast military equipment and the unlimited ambition of her ruling oligarchy for political power and commercial supremacy, she could undoubtedly place us in a most perilous position for years and years to come.

The way for everybody to help is to talk war, to practice every little economy, and at the same time for every man, woman and child to do something to increase the quantity of food or to promote enterprise of some kind.

One ounce of food saved every day by every family in the United States means a vast herd of cattle in the aggregate, and this is a comparatively insignificant task. It is so in everything else, and in this way we can all help.

Production has been wonderful this year, but it can be made more so next year, utilizing every available inch of space and cultivating to the highest possible degree.

The money spent for sheer pleasure each New Year's eve in the entire United States would completely equip a large number of regiments for battle. This money is worse than wasted and is thrown away with an abandoned prodigality which denotes the extreme of luxury.

All such profligacy should be abandoned and each person in the country should set himself resolutely at work to do what ever he can do toward aiding in the common enterprise of winning this war.

It is too late to discuss about whether or not we ought to be in, for the all-sufficient answer to that is that we are in. The only way out is the forward way, and with the greatest military power that ever shook the universe as our opponent, we must have the most perfect teamwork ever known in any republic in order to overcome and subdue her. This is everyone's task.

8 KILLED IN AIR RAID

London, Nov. 2.—Eight persons were killed and twenty-one others were injured in the German air raid said Wednesday night, according to an official statement issued today by the British War Department.

Decatur—Arthur Butler's arm was taken off when caught in a sugar centrifugal machine at the sugar factory.

Men's articles. Sample Shoe Parlor.

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and druggists here are kept busy dispensing freezone, the ether discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers. Ask at any pharmacy for a quarter ounce of freezone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so unraveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

CONSERVATION WEEK!

Because of the world-wide need of food and because of an absolute necessity of doing our utmost to win the great world war with all possible speed it becomes imperative that we pause and consider soberly this all important question.

This does not mean that the average Rush county family need go hungry or fail to have an abundance of good food. But it is true that a more careful conservation and preservation, and a more liberal use of the perishables about us, will prove a direct assistance just now to the world's food supply. Now add this one sentence

Keep Business Moving

And you have the two factors that if faithfully and religiously pursued will bring this horrid war to the earliest possible conclusion—and finished our way, the only possible result.

To this end and for this purpose you will find our large and comprehensive stock of the highest class merchandise obtainable priced at actual merchandising values. Just now we feature—

COATS, RAIN COATS, SUITS, DRESSES.

The new thing when it's new
The right thing when it's right.

Herbert C. Hoover

The Savior of Belgium
Whose marvelous work in feeding that stricken country is the world's greatest object lesson in thrift.

To Herbert C. Hoover has ever been given one of the most stupendous tasks ever allotted to mortal man.

Food Commissioner of the United States.

The duties of the position are almost unbelievably heavy, and still the world is sure that Hoover will accomplish his task.

For Hoover has shown that he possesses, to a remarkable extent, the quality of thrift.

Hoover believes that thrift will win the war—and, if it can accomplish a task so gigantic, it can certainly be depended upon to solve the little personal problems of the individual.

Start now—with a savings account at this bank—watch it grow.

SENSE OF HUMOR IS DISPLAYED BY POPE

American Artist Paints Portrait of Benedict and Shows it to Him at Vatican

POPE ANSWERS THE REQUEST

Rome, Oct. 10 (By Mail)—Probably the world does not look for humor in Benedict XIV. But a story, now going the local rounds, reveals this vein in him.

Italy numbers many self-styled artists, who paint their best pictures in imagination. One of them, an American, recently did a pretentious portrait of the Pope from a photograph. Proudly he took his masterpiece to the Vatican; beseeching a signature and a biblical reference from His Holiness.

Without a moment's hesitation the Holy Father wrote, "It is I! Have no fear!"

Then he signed his name with a flourish beneath it.

BRITISH DUDES CRY TO "SAVE OUR STYLES"

English Government Plans to Make Standard Cloth For Men's Clothes—They Fear Results

WILL SAVE WOOL FOR ARMY

(By United Press.)
London, Oct. 12. (By Mail)—The British government is working on a plan to standardize the clothes of the stay-at-homes to save wool.

Up on Saville row the habitat of the dudes—the British—for them is "nuts"—there is fear and trembling. If the dread decree goes into effect how is one to be distinguished from one's valet?

Already the government has a scheme completed to produce a standard cloth for civilian wear at a standard price, the same as potatoes, wheat or sugar.

And the nuts are sending out the S. O. S. call—save our style.

SEARCH FOR CASHIER STATE BANK AT HOBBS

Authorities Look For Igrell Carr, Charged With Embezzlement and Perjury

ISSUES CHECK FOR \$2,250

(By United Press.)
Indianapolis, Ind., Nov. 2.—Officials today were searching for Igrell Carr of Tipton, former cashier of the Farmers State bank at Hobbs, Ind., on the charge of issuing a fraudulent check for \$2,250, embezzlement of the sum and perjury for not including the check transaction in his report, according to an announcement from the state bank examiner's office.

Carr left Tipton Tuesday evening and has not been seen since. He has a wife and three children. His parents, who are wealthy land owners, made good the amount.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

DEATH LURKS IN SMALLPOX VACCINE

This is Indicated by Admission That Ten Deaths Have Resulted From Tetanus

ONE BRAND IS SUSPECTED

(By United Press.)

Washington, Nov. 2.—Death from lockjaw hides in smallpox vaccine sent to many cities and military camps in the United States. This was indicated at the public health service today by official admission that of ten deaths since July from tetanus following smallpox vaccination, several of the fatalities occurred from the product of one manufacturer, one of the country's biggest dealer in this vaccine and patronized by army and navy purchasing agents.

It was emphatically denied that any deaths had been officially reported from Tennessee where five are reported to have died.

"Although an analysis of the manufacturer's product failed to disclose tetanus germs, his entire output on the market has been recalled.

Songs of Sammies

American Field Headquarters, France, Oct. 11 (By Mail)—Just a little matter of precedent seems to be all that is keeping scores of patriotic young Americans of tried bravery, from offering their lives to their country. They are fighting here in France, the survivors of five battalions of Americans who joined the Canadian Army to gain time in killing Germans. Those who are living but still taking their turn in the trenches have seen hundreds of their friends blown up by shells, choked by gas or mown down by machine-guns. Although the new American army could use these Americans, particularly the specialized officers, the transfer appears to be blocked by the technical fact that they alienated themselves when they joined the Canadians. To join the American army they must become Americans and to become Americans they must journey home and obtain their papers. Very few can afford to do that. Besides, the Canadian authorities are disposed to release from fighting only those for whom the American Army make application. This is the forlorn admission of one American officer who applied for an American commission the day we declared war. "I have almost given up hope of ever fighting with my own army. Our fellows in the trenches could certainly give them some valuable lessons in fighting. I wish it would come to pass—we would like to be with our own people. But they don't seem to want us."

"I" MEN TO BE AT DINNER

Frank J. Hall, Former I. U. Man Expected at Banquet

Indianapolis, Nov. 2.—"I" men of Indiana university were arriving in Indianapolis on every train today for their annual banquet tonight, the eve of Indiana's game with Ohio State. The dinner will be held at the Claypool hotel. About 200 men are expected, including four of the seven survivors of the first baseball team in 1867 at Indiana. They are: Frank J. Hall, Rushville; A. P. Twinham, Princeton, Ind.; Mack McDonald, Williamsport and W. D. Bynum, Indianapolis.

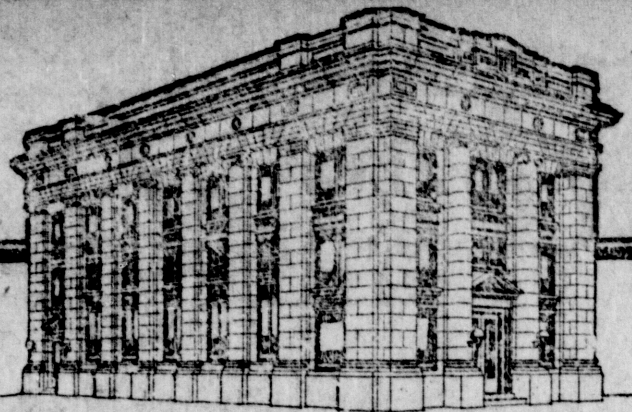

HOOSIER BRIEFS.

Frankfort—Officials are investigating rumors that a salesman is spreading reports through Clinton county that the government is going to seize fruit from private homes.

Washington—Mrs. Wimmial McDonald, 67, was severely burned when a coil oil can with which she was starting a fire, exploded.

Evanville—Earl G. Kleck pledged himself to wear the American flag during the war, when accused of disloyal utterances.

Mr. and Mrs. Ora Smith entertained with a well appointed Hal-loween dinner party, Thursday evening at their home northeast of this city. The rooms were decorated throughout with yellow chrysanthemums. Covers were laid for ten guests.

About twenty-six members of the Emanon club had their regular meeting with Mrs. Chase Mauzy yesterday afternoon at her home in North Main street. Splendid refreshments were served by the hostess, after the ladies spent the entire afternoon over needlework. Mrs. Hugh Mauzy will entertain the club in two weeks.

All of the members were present yesterday afternoon at the meeting of the Thursday Auction Bridge club with Mrs. Frank Catt at her home in North Perkins street. After spending the afternoon over cards, the tables were spread for a luncheon. In two weeks, Mrs. Wilbur Stiers will be hostess to the club.

Yesterday afternoon, Mrs. E. O. Anderson was hostess to eight members of the V. V. club at her home in Milroy. Splendid refreshments were served and the ladies spent a pleasant afternoon over needlework. The first Thursday in December is set for the date for the next meeting.

VICKS VAPORUB

**Miss Ida Gardner,
Contralto, and Har-
old L. Lyman, Flutist**

Practically all of the prominent music lovers of Rushville and vicinity will be in the audience that will hear the program to be given by Miss Ida Gardner and Harold L. Lyman at the Main Street Christian Church, Friday, November 9th, at 8:15 p. m.

These artists have been heard in a great number of the larger cities of the United States. Critics have been enthusiastic in their praise; they make concessions to the audience for those who are fond of old folk songs and old favorites and include some of these in every concert.

They come here through the efforts of Hargrove & Mullin. Admittance is by complimentary ticket only and can be had by calling in person at the drug store or by request through the mail.—Adv.

Mr. and Mrs. O. M. Harton entertained with an elegant dinner party last evening at their country home south of this city. A large French basket of chrysanthemums embellished the center of the prettily laid table, where covers were marked for Mr. and Mrs. Dora Hilligoss and grandson, Lowell Osborne, Mr. and Mrs. O. P. Wamsley and daughter Catherine, Mr. and Mrs. Bert Osborne and son John Robert, and Mr. and Mrs. Charles Winship. After supper the guests were entertained with 500.

Mrs. Alma Winship entertained with a six o'clock dinner last evening at her home in West Ninth street, honoring the seventy-seventh birthday of her mother, Mrs. Angeline Casady. A beautiful bowl of roses centered the table, where the elegant dinner was served. The guests included Mr. and Mrs. E. R. Casady and family, Mr. and Mrs. Knowles Casady, Thomas McDaniel and son Ross, Mr. and Mrs. Frank Cotton and Miss Ruby Branson of Manilla and Mrs. Julia Casady.

Miss Marguerite Gallimore was hostess to the members of the N. B. B. O. O. club last evening at her home in West Second street, at which time two new members the Misses Ruby Sparks and Ethel Newhouse were taken into the club. The only light in the dining room was shed by pumpkin faces and pretty autumn leaves were used to decorate the table. Other guests present were the Misses Vera Short, Blanche Clark and Ruth Smith.

The marriage of Miss Sylvia Marsh and Elmer C. Aldridge, son of Mr. and Mrs. Daily Aldridge, occurred yesterday at the St. Paul's M. E. with the Rev. Clyde S. Black performing the ceremony. The young couple will make their home on the Daily Aldridge farm in Anderson township. Mr. and Mrs. Hensley Hill were attendants at the wedding.

Mrs. George Green entertained with a six o'clock dinner last evening at her home in North Morgan street, honoring the birthday of Mr. Green. Among the guests were Mr. and Mrs. Dwight Miller of Neffs Corner, Mr. and Mrs. J. D. Hall, Mr. and Mrs. Paul Green and Mrs. John Green of Richmond.

Clyde Kitchin entertained with an oyster stew and smoker last evening at his home in Milroy. The guests included Harry Richey, Paul Tompkins, Bernard Kitchin, William Bosley, John Jackman, E. O. Anderson, Frank McCorkle, Lee Hume and J. W. Anderson.

At the meeting of the Juanita club with Mrs. Luther Sharp, Wednesday

afternoon, Mrs. Grace White was the guest, instead of Mrs. Grace Woods, as was stated in yesterday's paper.

Clement Poston, who is home from Indianapolis where he is attending Technical high school, was given a surprise last evening, when a merry party of masqueraders went to his home north of this city. The pretty rooms were lighted with candles and a color scheme of yellow and black was used in the decorations. Refreshments were served by the hostess, Mrs. I. N. Stevens. Those present were: the Misses Gladys Trowbridge, Josephine Junkin, Inez Abernathy, LaVaughn Sears, Ruth Bitner, Lavonne Lucas, Lena Vaughn, Mae Mills, Elsie Abernathy, Louisa Mahan, Neoma Newhouse, Doris Beher, Brenda Brown and Clarence Newhouse, Wilbur Gray, Orville Evans, Charles Jarrett, Ralph Jones, John Mills, Corlas Abernathy, Walter Nelson, Ray Sample Clement Poston, Ray Lucas, Roy Ward, Paul Brown, Cecil Scott, Loys Rees and Herschel Newhouse.

At the meeting of the C. W. B. M. of the Little Flatrock Christian church yesterday, which was held with Miss Ida Stevens, the ladies of the November division were the hostesses to the rest of the society. Mrs. Anna Wylie was the leader and a short program was carried out, including papers by Mrs. Bert Heaton and Mrs. Frank George. Refreshments were served to the fifty guests, who were present. The date for the next meeting is set for the first Thursday in December.

Mr. and Mrs. Paul Lagrange entertained several friends last evening with an informal card party at their home. Late in the evening a delicious supper was served. The guests were Mr. and Mrs. Anthony Schriebe, Mark Purcell, Father M. W. Lyons, Mr. and Mrs. Fred Gale, John Hayes, Mrs. Tom Sullivan, Mrs. Moran, the Misses Theresa and Jennie Madden and the Misses Hayes.

The Eastern Star will meet in their regular session this evening and every member is urged to be present as business of importance is to be brought up before the meeting.

Mrs. Susan Tingley was the guest of honor today, at a dinner given by Mr. and Mrs. L. B. Miller at their home in North Perkins street.

The members of the Donnan class will meet with Mrs. Sam Innis tomorrow afternoon at 2:30 at her home in North Perkins street.

W. E. CLARKSON
Councilman, Third Ward

Inefficiency of Present Administration

The republican candidate for Mayor in a letter to the voters endorses the present administration. All but one of the present republican councilmen are again candidates, therefore the election of the republican candidates would mean a continuation of the present inefficiency.

Mr. Voter: Are you in favor of a continuation of the city's affairs as they have been conducted in the last four years?

Do you favor the election of five councilmen who are subservient to the wishes and whims of one of their number?

Do you believe a party is square dealing when they take credit for \$10,000 refunded to the water consumers, when the money thus refunded was wrongfully deposited by the consumers?

Do you have a hope of the Water & Light plant becoming a paying institution, when the present party after four years of management only claims this institution to be self-sustaining?

Do you believe that the present city council is responsible for the present water supply, when you know that the preceding administration created this condition?

In all fairness, Mr. Voter, do you not think it is time for a change in the administration of city affairs?

VOTE THE Democratic Ticket Next Tuesday!

ADDRESS HIGH SCHOOL

The advantages of attending college were brought out in the talks made before the local high school this morning by Dr. Alfred Hughes, president of Moores Hill college, and Dr. McKay of Des Moines, Iowa. Each of the men, who are here for the ministerial meeting at the Methodist church, gave inspiring talks to the young people.

GETS \$10 DAMAGES

The jury in circuit court late yesterday afternoon awarded O. F. Bussard \$10 damages in the suit he brought against J. E. Kirkpatrick on account of an automobile accident. He asked \$500. No cases were tried in court today.

WILL GET REPORTS ON THE COAL SUPPLY

Continued From Page 1

over the telephone this morning to whom that car of coal ordered to Rushville had been consigned. It was stated at the state office that this information could not be obtained without looking up the records, which could not be done at that time.

Although there is no coal in Rushville for sale at the present each of the dealers has a promise of some in the near future. The situation is due, according to a coal dealer who was in Cincinnati yesterday endeavoring to get a supply, not so much to the shortage of coal but of cars. The majority of the freight cars procured by the wholesale coal

men have to be used in shipping coal to munition plants, municipal plants and state institutions and for this reason, have a hard time supplying dealers.

One dealer has three or four cars overdue, some of which contain West Virginia and Indiana coal, and another received word that two cars had been shipped yesterday. The amount given to the customer has necessarily been limited, by one dealer to one ton per customer.

ENCAMPMENT NOTICE

Bernice Encampment No. 12 will have an important meeting this evening. Final arrangements will be made for the degree meeting Nov. 10. A good attendance is desired.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

GOOD BREAD IS RESULT OF CARE

Cook Must Watch Each Step in Bread-Making—Cannot Trust to Luck

BAKING IS VERY IMPORTANT

Oven Should be Tested With Thermometer and Changes in Temperature Watched

(By United Press.)

Indianapolis, Nov. 2.—"The successful bread maker takes no chances," said H. E. Barnard, state food commissioner today.

"Good bread is good because it is made that way. 'Luck never made many loaves of good bread,' he said. "The successful bread maker takes no chances. She selects her materials with care, follows each step in the bread making process with exactness and the result is always a good loaf. Like most household problems there is no single 'best' way to make bread. But after the dough has been prepared and put in the pan the baking of it can be regulated by following carefully these directions.

"When bread is put into an oven which is not hot enough to form a crust immediately and thus stop the rising, the bread will continue to rise. Bread which is allowed to rise partially in the oven has a larger loaf and a firmer texture than that which is allowed to rise more in the pan. When bread is allowed to rise in the oven it should be evenly heated so rising will take place during the first ten minutes of baking and then stop by an increased heat or the bread will get over-light and bulge over the sides of the pan. When put into a very hot oven, when it is not raised enough, a crust will form over the top too quickly and in rising further the crust will crack. A hot oven, will also make a thick crust of a dark color. Thus the temperature of the oven should be governed by the lightness of the bread. The most ideal baking conditions are to have the dough twice its original bulk. Place in an oven that will brown a heavy piece of paper or char a tablespoon of flour in five minutes. After the first ten minutes let the oven get hotter for fifteen minutes, then let it cool a little for the last twenty minutes.

"If an oven is used the temperature should be 356 degrees Fahrenheit or 180 degrees Centigrade when the bread is put in the oven. After the first ten minutes it should be increased to 428 degrees Fahrenheit or 220 degrees Centigrade. These temperatures cannot be determined by the mere placing of the hand in the oven. Every scientific cook and that is the kind of cook who is always successful, uses a thermometer to test the heat of her oven.

Logansport—A new Wabash road depot will be opened here within a few days.

To Prevent Old Age Coming Too Soon!

"Toxic poisons in the blood are thrown out by the kidneys. The kidneys act as filters for such products. If we wish to prevent old age coming too soon and increase our chances for a long life, we should drink plenty of pure water and take a little Anuric," says the world-famed Dr. Pierce of Buffalo, N. Y.

When suffering from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, the simple way to overcome these disorders is merely to obtain a little Anuric (double strength) from your nearest druggist and you will quickly notice the grand results. You will find it more times more potent than lithia, and that it dissolves uric acid almost as hot water does sugar.

ADVICE TO WOMEN.

New Albany, Ind.—"I had been suffering from woman's trouble for several years. Had used several patent medicines which seemed to do me no good. At times I would lose consciousness and fall over on the floor I suffered so. I tried several doctors but they did not do me any good—they would only relieve me for the time being. My husband's mother told me about Dr. Pierce's Favorite Prescription. I took several bottles of it and am glad to say that I am now sound and well. I certainly think it is a great medicine and recommend it to anyone suffering as I did, for I am sure it will cure them."—Mrs. CHARLES E. WELCH, 414 W. 6th St.

Get the "Prescription" from your druggist to-day—either liquid or tablets—or send Dr. V. M. Pierce, Buffalo, N. Y., 10 cents for trial package of the tablets.

CHILDREN ARE AIDED BY RED CROSS

American Red Cross Starts Hospital in France to Care for Suffering Children

TUBERCULOSIS IS FOUGHT

American Doctor Cables of Cruelties of Germans and Need For Medical Equipment

(By United Press.)

Washington, Nov. 2.—Children's relief in France by the American Red Cross now includes a campaign against tuberculosis and children's diseases. A children's hospital has also been opened at Toul, by the Yankee nurses.

A cablegram describing the work of the American children's bureau gives a fresh insight to German frightfulness. The little town of Nesle was looted.

The American doctor found more than 1,000 children there practically with no medical care, all miserably dirty and one-half of whom were infected with skin or eye lesions. The report continues:

"The equipment for any medical care was extremely meager; one old hospital stripped of all its apparatus; one aged civilian doctor left without drugs or means of getting them, villages to look after besides his army duties. 'Twas an acute situation.

"Nesle immediately offered a tuberculosis pavilion if the American Red Cross would help. The doctor's recommendations upon his return were immediately accepted.

"The Children's Bureau began work by installing a central depot at Nesle with ten beds as a clearing house for the district, and by equipping an automobile as a traveling dispensary, with shower baths. The car visits the villages on a daily round with one good trained nurse and two aides."

Amusements

"Very Good Eddie," the smartest and brightest musical comedy success New York has known in many years and which scored such a tremendous hit when presented in Indianapolis last year has been secured for a return engagement at the Murat theater, Indianapolis, for five nights and two matinees, beginning next Tuesday, election night. Matinees will be Wednesday and Saturday.

The original production of "Very Good Eddie" was still continuing its thirteen months engagement in New York last season, but its fame had spread throughout the land and there were so many requests for an early view of this delightful show that several "Road" companies were organized to supply this demand. It was one of these companies that visited Indianapolis and its success was really emphatic. But the forthcoming engagement will be played by the number one attraction with all the Broadway favorites who shared in the metropolitan run of the piece, and with the Princess Theatre, New York swagger fashion chorus which gave Manhattan playgoers such a rare treat for the eye.

It is needless to go into details concerning the rare merits and unusual qualities of "Very Good Eddie" its book by Phillip Bartholomae and Guy Bolton, keeps the audience in constant laughter while its music by Jerome Kern, contains a score of the most tuneful melodies heard in years and an augmented orchestra is employed to do it justice. The cast includes Denman Maley, Georgia Mack, Harry Meyers, Helen Raymond, Florence Earle, Theodora Warfield, Lavinia Winn, Harry Linkey, Dean De Briac, Elaine Ford, Ralph O'Brien and thirty others.

Commencing November first, there will be a war tax of 10% of the cost of theatre tickets.

The Murat agent in this city is Hargrove and Mullin. Tickets can be had there for any performance.

PAY TELEPHONE TOLL

Don't overlook to pay your telephone toll before Nov. 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. V. SPIVEY, 198610. Secretary

Mr. Edison's New Art

Ask for the New Edison, the New Edison instrument which

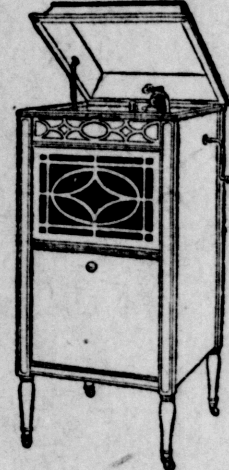

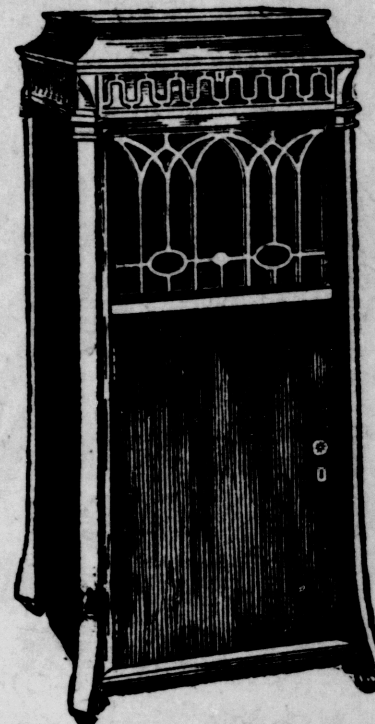

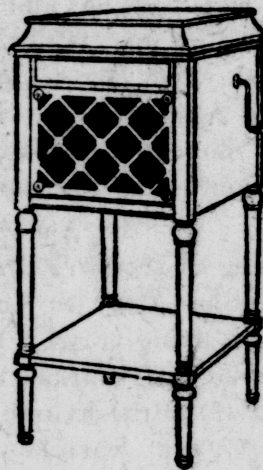

RE-CREATES MUSIC

No one except a scientist who had stood at Mr. Edison's elbow, day by day and night by night during the four years' research work which culminated in this new invention, could give you the reasons why this instrument is the best.

Edison's Re-Creations of Music differ utterly from talking machine records. They re-create every tone of the original music.

The permanent diamond point and the records last indefinitely.

CALL AT OUR STORE AND ASK FOR COMPLIMENTARY TICKET ADMISSION TO HEAR IDA GARDNER SING IN COMPARISON WITH HER RECORD. HEAR THE EXACT REPRODUCTION OF HER VOICE.

Hargrove & Mullin

To the Voters of Rushville City:

As a majority of the present City Council is again asking for your support, we would set out a few of the things that the administration has accomplished.

When we took office on Jan. 4, 1914, there were \$2,721.43 turned over to the present City Treasurer from the former Treasurer. We found an indebtedness of over \$20,000.00 in money borrowed from the banks and in old claims turned over to us. Money borrowed from the banks was bearing 6% interest on notes. We refunded that debt by issuing bonds at 4%. There were also a number of law suits pending against the City, which we have gotten out of the way.

We found the water supply insufficient, but we have been able to keep a good water pressure at all times. We have the water and light plant on a paying basis, having a surplus at this time of over \$8,000.00. We have refunded water meter deposits and put in new water meters to the amount of over \$12,500.00.

We have paid all maturing bonds, with interest, amounting to over \$19,000.00. We have reduced the tax levy 10c, making our tax levy for the coming year \$1.05, and, if the candidates on the Republican ticket are elected, we believe that the taxes can be further reduced the coming year, as we now have on hands over \$21,000.00 in cash, none of the December draw being touched and all current bills paid.

We have made street and alley improvements and feel that the streets in the city have been well cared for.

We are also paying \$40.00 a month for the visiting nurse, a thing that had never been done before.

As all of the candidates on the Republican ticket are careful and conservative business men, we guarantee that if you will elect the ticket, we will continue the good service that the past administration has given. If this merits your support, we would be very glad to have it.

(Advertisement.)

Record-Breaking Speed Boat Offered
U. S. Government
The express cruiser Shadow III, capable of a sustained speed of 34.1 miles per hour and an ideal craft for maneuvering, is being offered for sale. It is the only one of its kind in the world. The Shadow III is a 1,000-ton vessel, 117 feet long, 22 feet wide, and 10 feet deep. It has a maximum speed of 34.1 miles per hour and a range of 1,000 miles. It is a perfect example of modern naval architecture and is being offered for sale at a very low price. For more information, contact the U. S. Navy Department, Washington, D. C.

ALWAYS THE CHOICE WHERE NO CHANCES ARE TO BE TAKEN

War time is no time for trifling. No time for experimenting. The best of Army and Navy equipment is demanded—the best of men to man it—and finally the best, most nutritious foods for those men.

CALUMET BAKING POWDER

bears the distinction of being selected for Army and Navy use. Because of its dependability—its absolute certainty of producing pure, wholesome bakings. It is sure. It is safe—that's why it has won Uncle Sam's selection—why it should win yours—and will if you will but give it a trial.

HEROES "LAWED" OUT OF U. S. ARMY

Technical Legality Prevents Americans in Foreign Service From Joining Ranks

NEEDED HERE AS TEACHERS

Doing Heroic Service in Foreign Armies With Canadians, British and French Flyers

By J. W. PEGLER
(U. P. Staff Correspondent.)

France, Oct. 12 (By Mail)—Expatriated, cut off from their own country by the piffling technicalities of our laws, America's first war heroes are still fighting and dying in the ranks of our allies. They hope someday to be restored to their rights as Americans. But while they can't do anything about it they can keep on killing the Boches.

Most of the Americans already fighting in this war are in either the Canadian Army or the British or French flying corps. Their record is a proud one, marked by decorations from the British and French. One American at least has won the Victoria Cross, England's highest recognition of heroism, many have been decorated with the Military Cross and hundred have been given the French War Cross.

Major Alexander Rassmussen, of Portland, Ore., and Lieutenant Jack Manning, of Florida, both veterans of the Philippines, passed through this camp the other day on their way to train a new contingent of Americans in the British style of fighting. Though they have been in the trenches for months during which time both were wounded, the United States Army has not taken them back. They came here wearing their American service ribbons on British uniforms.

American officers were surprised to learn that these two soldiers in the King's uniform were Americans. Manning met some of his old comrades of the United States Infantry and they could scarcely believe that the Canadian soldier was the man they campaigned with in the Philippines.

In London I knew scores of American soldiers who simply couldn't wait for the United States to declare war on the Boche and so joined the British. They ran a bluff—expecting confidently that their own country would be glad to have them back as instructors when we entered the war. By this time many of those fellows have been killed or badly wounded.

Lieut. A. H. Pannill, a Chatham, Virginia, boy, won the British Military Cross at the battle of Vimy Ridge on last Easter Monday by sheer bravery and leadership. He was wounded, and after recovering, joined the Royal Flying Corps. Today I received a letter from him saying:

"I am trimmed up in bed with both legs up in the air in a sling. It seems years since I came to France with the Royal Flying Corps in the middle of July. I have helped bring down several Huns and took part in the 'low strafe' on Aug. 15, flying low behind the lines, shooting up and dispersing troops, transports and artillery. The machine guns on the ground were thick as hornets, squirting lead at us like fountain pens from every shell-hole. I came out all right but they got me a few days later. Some of my controls were shot away and we crashed to the ground behind our lines. I don't see why we weren't killed outright but outside of having some bruises and both thighs fractured I am O. K. I am very comfortable and hope soon to be granted leave to the United States and Canada."

Manning told me that Frank Burr, of Cleveland, a Canadian lieutenant, broke into tears as Manning said good-bye on the night he took the train for the American camp.

Burr was just going up to the trenches again after a short rest. From day to day he had been hoping to get word if his transfer to the American Army—his own Army. It didn't arrive.

Burr is one of the very last of the Americans who fought in the so-called Lost Legion of Americans. The rest have been either killed or incapacitated for life.

Our Army here needs instructors so badly that British and French

GEN. PERSHING MAY NAME UNITS

War Department Leaves With Him Permission to Name Fighting Units Abroad

NAMES ENCOURAGE THE MEN

One Unit Named After Clemenceau, French Statesman Who Reviewed Troops

(By United Press.)

Washington, Nov. 2.—Secretary of War Baker today said he'd leave to Gen. Pershing the question of giving American fighting units in France distinctive names. Baker was asked whether he favored naming all units after the manner of the Clemenceau Battalion, so named by Gen. Sibert in honor of the well-known French statesman.

Sibert gave the unit this name after Clemenceau had reviewed the troops. His action started a movement to name all the American units. If Pershing approves, this probably will be done. The war department will leave it to him.

"Gen. Pershing can work that out," said Baker. "If he thinks it will increase the fighting morale of his men, no doubt he will have them named."

The idea back of the movement is that men of a regiment with a distinctive name will go to greater lengths to win laurels for their unit, and do more to keep that name untarnished, than men who are mere cogs in a numbered unit with nothing but its number to distinguish it from other units.

LOOK FOR CHARLES LITTLE

Police Requested to Find Man Wanted as Witness of Will

Chief of Police Yakey received a letter yesterday asking that he watch for Charles Little, who can not be found and who is needed as a witness in adjusting the will of Sophia Meyer of Cincinnati. The letter was written by C. S. Estep, M. D., 426 West Eighth street, Cincinnati. Mr. Little was described as being about forty years of age, tall and slim, having a dark complexion. He has a brother and sister living near Shelbyville and for that reason it was thought he might be in this locality.

Terre Haute—An honor flag, bearing the names of the 100 Terre Haute normal students and graduates who enlisted in the military forces, will be unfurled at chapel exercises in a few days.

soldiers are carrying on the work. In the British Army there are scores of Americans—their number is dwindling daily—who want to offer their skill and lives to the country.

A legal technicality bars them and deprives our Sammies here of their sympathetic instruction.

DOUBLY PROVEN

Rushville Readers Can No Longer Doubt The Evidence

This Rushville citizen testified long ago. Told of quick relief—of undoubted benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Harrison Levi, 931 N. Sexton St., says: "I used to have to get up six or seven times each night on account of the too frequent passages of the kidney secretions. Often the secretions were scanty and they caused pain in passage. I also had severe backaches. Nothing ever did me any good until I began taking Doan's Kidney Pills, which I got from Johnson's Drug Store. It didn't take them long to fix me up, the pains left and my kidneys again acted regularly."

OVER THREE YEARS LATER, Mr. Levi said: "I am glad to confirm my former endorsement of Doan's Kidney Pills for they have given me a permanent cure."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Levi had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—(Adv.)

NATURA The Health Builder

Is a Boon to Those Suffering From the Chronic Ills of Life

MRS. J. B. WILSON OF RUSHVILLE, IND., says—I was afflicted with systemic catarrh that affected my stomach and kidneys badly. The bloating I had after eating distressed me greatly and was very nervous; what sleep I got was not restful; but I am now sleeping and resting well and feel refreshed when I wake up in the morning; was also weak and trembly. This, I am free from now, and I am feeling fine. I am eating anything I want and my stomach gives me no trouble at all; my bowels are regular and free from constipation. I have been using NATURA for about two months and am greatly benefited. NATURA does all you claim for it. I heartily recommend NATURA to anyone having catarrh as I had.

NATURA can be obtained through all reliable druggists, but always found at the following progressive dealers in and around Rushville, Ind.:

F. E. Wolcott, Hargrove & Mullin, Pitman & Wilson, Rushville, Ind.; Stella Davis, Arlington, Ind.; Handy's Drug Store, Mays, Ind.; Grace Drug Co., Wilroy, Ind.

Manufactured by
The Natura Drug Company
INDIANAPOLIS, INDIANA.

Victrola

Do you realize that the world's greatest entertainers are "knocking at your door" to bring you the world's wealth of music—grand opera, musical comedy, vaudeville, popular songs, dance music, and all the rest!

All you need to do to enjoy them is to have us send a Victrola to your home. Stop in and ask us about easy terms on Victrolas and Victrolas, \$10 to \$400.

New Victor Records
On Sale Today at Wyatt's

"Send Me Away With a Smile," a soldier's suggestion to his sweetheart, is a song that is achieving tremendous popularity.

McCormack's rendition of it, the mingling of brisk activity and tender sentiment which no one else could do so well, makes it almost a classic. "Send Me Away With a Smile" Stands out as the one big hit of the month, even though the November supplement contains a dozen other numbers of exceptional merit. It is No. 64741, 10-in., \$1.

Among the other records that demand special attention are:

- 18365 "Avalon" ----- Sterling Trio
- 75c "Underneath the China Moon" Campbell & Burr
- 18376 "The Darktown Strutters' Ball"—Fox Trot
- 75c "Razzberries"—One Step-----Van Eps Trio
- 18223 "La Cinquintaine" ----- McKee's Orchestra
- 75c "Pirouette" ----- McKee's Orchestra
- "Aloha Land" (Hawaiian Waltz)
- 18380 Louise and Ferera with Athenian Mand. Quar.
- 75c "Hawaii, I'm Lonesome For You"
- Louise and Ferera with Athenian Mand. Quar.
- 64708
- \$1.00 "The Sweetest Song Ever Told" Sophie Braslau
- 64709
- \$1.00 "Paraphrase on Minuet"-----Fritz Kreisler

We advise early selections. The winter record shortage is beginning and these big popular numbers will sell out fast. Phone 1081.

U. S. ENGINEERS IN ACTIVE SERVICE

Entire Railroad System in Charge of
Sammies—From Office to
Track

FIRST AMERICANS IN THE WAR

Within Range of Boche Guns but
Thus Far Have Been no Casualties

By J. W. PEGLER
(By United Press.)

American Field Headquarters, France, Oct. 12 (By Mail)—Somewhere in an active sector, the American Railroad Engineers are running trains right up to the front. They are the first American regiment to come under shell-fire in the Great War.

An entire railroad system, from the general manager's office to the beat of the lonely track-walker has been handed over to the Sammies by the French War Office. Trains manned by American boys are moving on a strict schedule, carrying shells for the guns, food for the French troops and the daily movement of supplies going forward or coming back on leave to rest.

Temporarily the regiment is loaned to the French for the operation of that railroad. The Sammies may stay on the job there for the duration of the war or they may be shifted to some other line. They get French rations and their road is a part of the French system. But they wear their own uniform, draw American pay, and run the road by their own method, which means economy of man-power.

At some points their line is within the range of the Boche guns and shells crump at random along the right-of-way. At night there is danger of Boche aeroplanes slipping through the tight French aerial patrol and bombing the Sammies at work. This has happened, but so far out troops have had no casualties.

It was with engineers last night when they marched to the troop train to move forward. The move was made without any unnecessary sound to guide Boche air-raiders. Along pitch-dark streets they swung through the town to the music of their own hob-nails beating on flint pavements. The bandmen were there with their horns smothered in green kimonas to prevent the moonlight from glinting on the brass.

The American commander kept the time of departure secret so that half the town would not stay awake till one a. m., to see his boys off.

Breaking into single file the Sammies stepped out of the darkness into the American Red Cross buffet at the railroad station, stowed away their rifles and steel helmets and lined up for free chow.

Fifteen American women, worked like biscuit-pushers in a beannery and when they began to lose ground against the crush of hungry Sammies the colonel himself jumped behind the counter and poured coffee out of a big pail.

There wasn't much time. The troop-train slid into the station, the Sammies piled in, forty to a car and the officers clambered into their coach.

Up forward the whistle tooted cautiously; a lantern flashed and the train moved out carrying the first American Sammies to the front.

And some of them aren't coming back.

"READ BIBLE" IS ADVICE

William Lyons Phelps of Yale Addresses Teachers

(By United Press.)

Indianapolis, Nov. 2.—"Read the Bible."

This was the advice given teachers attending the annual convention here today by William Lyons Phelps of Yale university. Dr. Phelps told the teachers that if they would become English or history scholars, they must know their bible. Other speakers at today's sessions were: Cora Wilson Stewart, who spoke on "Moonlight Schools;" Thomas H. Briggs, New York City. "The Meaning of War to Secondary Education;" Dr. Russell H. Conwell and Charles C. Gorst.

STOP CATARRH! OPEN NOSTRILS AND HEAD

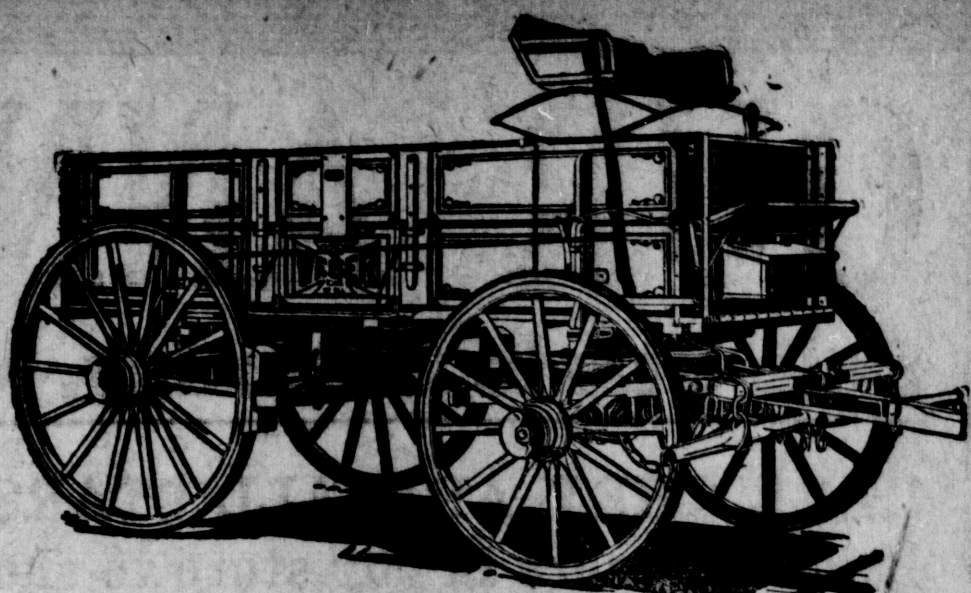

Says Cream Applied in Nostrils
Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels! Your nostrils are open, your head is clear, no more hawking, snuffing, blowing; no more headache, dizziness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrhs need. It's a delight.

Men's articles. Sample Shoe Parlor. 197t9.

WANT ADS BRING RESULTS

Come In and See the Weber Here Are More Big Points

YOU will be interested in looking over the hound, hub, skein and skein box construction. On the Weber the hounds are of straight-grained oak; on the front gear they are of the same type, wide and roomy in the rear, to give the reach ample support in turning short. They are mortised and well braced with solidly welded steel. Hubs are of white oak only, turned, shaped and bored accurately for the skein boxes. Skein box is made so that a grease chamber is formed. A solid collar keeps the oil away from the wood of the hubs. Mud and sand cannot get into the axle and the skeins cannot wear into the skein boxes. That means long life and good service.

These are all reasons why you should have a Weber wagon—that is—if you want a wagon for real work. Come in and let us show you.

TEN PAGES TODAY

TO GET REPORTS ON COAL SUPPLY

S. L. Trabue, Who is Sworn in as
Fuel Administrator Today, Sends
Inquiries to Dealers.

PROMPT REPLIES ARE URGED

Purpose of Fuel Administrator Not
to Antagonize But to Co-Oper-
ate With Dealers.

MAY LIMIT PURCHASES

(By United Press.)

Indianapolis, Ind., Nov. 2.—
Limitation of each purchase
of coal was recommended by
Evans Woolen fuel director for
Indiana today. He said that it
would be unfair now to allow
one consumer to lay in an en-
tire winter's supply while oth-
ers would have to make pur-
chases from week to week.
Coal administrators for coun-
ties were asked to report
Thursday of each week on the
amount of coal that will be
needed for next week and then
they will ship it.

With the taking of the oath of of-
fice today, Samuel L. Trabue really
became Rush county fuel adminis-
trator, although he probably will not
receive his commission before Mon-
day, and began immediately to make
preparations to get a report from all
county fuel dealers on the amount of
coal on hands and in transit, so that
he can report the situation as
respects Rush county to the state
fuel administrator, Evans Woolen,
Monday.

The relief Rush county gets from
the state fuel administration, Mr.
Trabue said today, depends on the
showing made here, and for that rea-
son he urges the prompt reply to the
inquiries sent out today, of all coal
dealers in the county.

Mr. Trabue made clear that the in-
tentions of the county fuel adminis-
tration were not to hinder or retard
the business of the coal dealers, but
to co-operate with them. He said he
felt sure he would have the co-opera-
tion of all dealers because it was
not the purpose of his office to set
up community coal bins, but that all
coal sold in the county should be
handled through the regular chan-
nels, the coal dealers. The fuel ad-
ministration, he explained, does not
want to antagonize them, but will
try to get all to work together.

When the County Council of De-
fense was asked to recommend a
county fuel administrator, among the
instructions was a paragraph calling
for the appointment of a committee
to work with the administrator. Mr.
Trabue says he has no instructions
on this subject, but that he expects
explicit instructions by the first of
next week, for he was in communica-
tion with the state fuel administrator
by telephone this morning and asked
for them.

There are approximately one doz-
en coal dealers in the county—three
in Rushville, one dealer at Car-
thage, two at Arlington, two at
Milroy, two at Palomouth and one at
Glenwood—so far as the county ad-
ministrator knows. He set about to-
day sending out cards of inquiry to
them to get the available supply in
the county, and the number of tons
in transit.

The cards provide in addition to
giving the number of tons, the kind
of coal both on hands and in transit
be specified. On the back of the
card it is set out that "Under the
United States Food and Fuel Con-
trol Act you are required to report
the amount of each kind of coal you
have on hands—that is in bins, yards
or cars and the price per ton for
which you are selling each kind."

These first inquiries, however, do
not request the dealer to state the
prices he is charging. That part of
the investigation will be postponed
until a later date.

Mr. Trabue endeavored to learn

RALEIGH MAN IS INJURED

Dell Miles' Foot is Injured in a
Feed Cutter

Dell Miles of Raleigh suffered a
very painful injury yesterday at
Newcastle when his foot was caught
in a feeder and the ligaments torn
loose. Mr. Miles had gone to New-
castle to ship some stock and when
feeding them, he attempted to force
some feed into the cutter with his
foot. The belt on the machine
caught his foot and pulled it in with
such force that it was sprained and
the ligaments torn. He was taken
immediately to the hospital in New-
castle and his wife and son were
sent for. It was heard here that
there was danger of the foot hav-
ing to be amputated, but today it
was reported he would recover.

ALL OFFICERS ARE RE-ELECTED

E. B. Thomas at Head of Rush
County Chapter of Red Cross
For Coming Year

THEY SERVE LESS THAN YEAR

Directors Vote Expression of Ap-
preciation of Mrs. A. G. Reeve
For Her Work

All of the officers of Red Cross
were re-elected at the meeting of
the director's of the society held at
the headquarters last evening with
E. B. Thomas, chairman; Miss
Henrietta Coleman, vice-chairman;
Mrs. Harrie Jones, secretary; and
Lewis M. Sexton, treasurer. The
fact that they were unanimously
elected proves that their untiring
efforts for the society have been
appreciated and a great deal of the
success of the Red Cross work in
the county has been due to the cap-
ability of the officers.

Last night was the annual meet-
ing of the directors, which is pro-
vided for in the by-laws of the na-
tional society, stating that officers
be elected at this time each year.
The present officers have not served,
nearly a year, as the society was
started only about seven months
ago. Eighteen of the director's were
present at the meeting. At a meet-
ing last week, twelve directors were
re-elected for the coming three
years so the personnel of those at
the head of the society remains un-
changed.

It was voted at the meeting last
evening to send an expression of ap-
preciation to Mrs. A. G. Reeve, who
at present is ill, for her work in or-
ganizing and building up the surgical
dressing class. Rushville was very
fortunate in having one as capable
as Mrs. Reeve to take charge of the
bandage work and her former ex-
perience as a nurse proved a great
advantage in having her a worker
in the society. The expression, sent
by the secretary, represents the
will of the entire society as well as
the directors.

NEW CONTINGENT OF U. S. TROOPS FIGHTING

(By United Press.)

With the American Army in
France, Nov. 2.—A few minor cases
of ordinary illness and two men
suffering from what was apparently
"trench feet"—this was the casualty
list today for America's first de-
tachment in the trenches. The first
contingent to undergo trench train-
ing returned to billets last night,
another batch of men taking its
place.

Two silent khaki-clad columns
met in the moonlight in the valley
and called low-voiced greetings. One
marched to the trenches. One re-
turned to the rear.

WILL INCREASE RECEIPTS \$6,000

New Postal Rates Will Make Re-
venue at Rushville Postoffice
Much Greater

THEY GO INTO EFFECT TODAY

Special War Tax on Parcel Pos-
t-packages Are Not Effective
Until December 1

The receipts at the postoffice will
be increased \$6,000 annually by the
new postage rates going into effect
today, it is estimated by G. P. Hunt
postmaster. This is merely an es-
timate and is based on the total re-
ceipts for the past year, which
amounted to \$20,000. At that rate
about \$26,000 will be taken in dur-
ing the coming year, an average of
\$86 per day.

This does not take into account
the increased rates in second class
matter which goes into effect the
first of July, 1918. Second class
matter includes newspaper and
periodical publications. The present
rate for second class matter is one
cent a pound. After July first, the
rate will be 11 cents per pound, so
far as it affects Rushville papers.
Last year, the receipts from second
class matter at the local postoffice
were approximately \$1500.

It is impossible to figure the in-
crease definitely as thousands of
pieces of mail pass through the
hands of the postoffice employees
daily. A considerable shrinkage in
the volume of first class postal
matter might occur. There is sure
to be, with the increased rates, a
decrease in the sending of indis-
criminate first class matter such as
business solicitations and form let-
ters.

The new parcel post rates go into
effect December first of this year.
Under the new war revenue law,
there shall be a tax of one cent on
each parcel post package, the post-
age on which amounts to 25 cents
and an additional one cent tax for
each additional 25 cents postage or
fractional part thereof. This is a
comparatively small amount but will
noticeably increase the receipts, es-
pecially during the Christmas mail-
ing.

Starting last evening at eight

TWO DIVORCE SUITS, ONE ECHO OF TRIAL

George W. Price, Freed of Wife De-
sertion Charge, Asks Decree
of Separation From Wife

MARY BEAVER WANTS DIVORCE

Two divorce suits were filed in the
circuit court late yesterday after-
noon, one of them, that of George
W. Price against Tressie M. Price,
being an echo of a recent criminal
trial in court when Price was
freed of a charge of wife desertion.
The other suit was brought by Mrs.
Mary F. Beaver against Ulysses G.
Beaver, local stock buyer.

The only charge contained in the
Price complaint is that Mrs. Price
had illicit relations with James Al-
fred, who enlisted in Company B
Field Artillery, Camp Shelby, Miss.,
in his own defense in the wife de-
sertion case, Price introduced a
letter from Alfred to Mrs. Price
revealing the relations between her
and her soldier lover. They were
married in Indianapolis July 16,
1917 and separated September 1.

Mrs. Beaver charges her husband
with failure to provide for the last
two years, with having a "violent
and uncontrollable temper," also
that he cursed her and her children.
John A. Tittsworth is the attorney
for the plaintiffs in both cases.

PASTORS CONFER OVER ENDOWMENT

Methodist Ministers of Indiana Con-
ference Discuss Plans to Raise
Money For Moores Hill.

ADDRESS BY DR. A. T. HUGHES

President of College Says His School
Will Specialize in Vocational
Courses.

"No young person in our church
need feel they cannot attend college
because of lack of funds after the
endowment has been raised for the
Moores Hill college in its new site,"
stated Dr. Alfred T. Hughes, presi-
dent of Moores Hill college, at the
St. Paul's M. E. church in this city
last evening. The excellent address
given by the college president also
showed how the new plans for the
college provided for finding the best
in the student while in school and
preparing him to continue the work
he was best fitted in.

The school which is soon to be
moved to Evansville will specialize
in vocational courses. Instructors
will carefully watch each student to
see what line he is best fitted for and
at the end of the second year, he will
be encouraged to specialize in that
work. The speaker urged the neces-
sity of college students having a
definite aim and working toward that
goal.

Today, the meeting of the minis-
ters of the Indiana conference was
held at the St. Paul's M. E. church,
for the purpose of planning for the
raising of the half million endow-
ment the conference is asked to fur-
nish in addition to the half million
Evansville has offered.

Dr. Jenkins on the educational
committee of the church, gave a very
forceful address this morning and
Dr. Hughes and Dr. McKay, also of
the educational committee gave ex-
cellent talks this afternoon. About
thirty-five ministers, from all over
the southern part of the state, at-
tended the meeting. Dinner was
served at the church this noon for
the visitors by the ladies of the church.

At the meeting last evening, Dr. C.
E. Bacon presided; Dr. Walker gave
the prayer; Dr. Freeland read the
scripture and music was furnished

STOCKHOLDERS WILL NOT HELP CONCERN

Dozen Out of 82 Attend Meeting
Called to Try to Pull Modern
Appliance Co. Through

CREDITORS TO MEET NOV. 16

A meeting of the creditors of the
Modern Appliance company will be
held in the office of Samuel L. Tra-
bue Friday afternoon, November 16
for the purpose of electing a trustee
in bankruptcy. The local concern
was recently thrown into involun-
tary bankruptcy when a petition in
bankruptcy was filed in federal
court in Indianapolis.

The company will in all prob-
ability go through the regular
bankruptcy proceedings as the
stockholders, at a meeting yesterday
afternoon, did not show enough in-
terest to offer a composition, which
it is stated is the only means of
saving the concern. Out of eighty-
two stockholders, all of whom were
notified of the meeting yesterday
afternoon in Mr. Trabue's office,
only about a dozen appeared. The
majority of them were willing to
make a settlement with the credi-
tors if all the other stockholders
would do their share, but they did
not feel justified in making any ef-
fort to get a settlement since the
stockholders not present were not
interested enough to attend.

TRUSTEES GET CLEAN BILL

Report by State Board of Accounts
on School Board

REPORTS SHOW SIX HAVE DIPHTHERIA

Cultures From Throats of Jackson
School Pupils Returned, Half
Dozen Showing Positive

ALL ARE TAKEN FROM SCHOOL

May Be Only Carriers of the Germs,
But Are Placed Under Quar-
antine By Board

The state board of accounts gave
the local school board a "clean bill"
after going over their report for the
past year. The only suggestion
made to the local board was that the
new treasurer install a uniform
system as is prescribed by the board
of accounts. The report was rec-
ommended as a "clean bill" because
of the fact that all records were in
balance, all forms and records prop-
erly kept, there were bonds ap-
proved, contracts made with the
teachers, competitive bids were re-
ceived as provided by law, and the
balances in closing the report were
the same as at the beginning of the
report.

The report from the board of
health at Indianapolis given to Su-
perintendent J. H. Scholl yesterday
was that six of the cultures sent in,
from the throats of the children of
the Jackson school, showed signs of
diphtheria. There is a possibility
that in all of the cases, the children
are merely "carriers" of the disease;
that is have the germs in their throat
but may not be ill with it themselves.
The children were immediately taken
out of school. Dr. E. J. Wooden,
secretary of the board of health
here, called the state board concern-
ing the situation and was instructed
to treat each child as if he had the
disease. Even if the child is only a
carrier of the disease, he is to have
the same treatment as a patient with
the disease would have and the home
is to be quarantined, unless the child
can be isolated in the room.

The doctors are watching care-
fully any signs of the disease in the
school and too, are being very strict
about releasing the patients from
quarantine. A new ruling has been
made that every morning, the visit-
ing nurse is to get the reports from
each doctor on the diphtheria pa-
tients and only on her authority then
can they be released.

During the course of the epidemic,
the disease has been in 28 homes,
and there have been 38 patients.
Four deaths have resulted from it.
One home has had scarlet fever in
it and there were two patients with
it. Ten homes have been fumigated.
This report covered all cases up to
Sunday.

ITALIAN ARMY IS WITHDRAWN INTACT

(By United Press.)

Rome, Nov. 2.—Withdrawal of
Gen. Cadorna's third army practi-
cally intact was achieved by unparal-
leled heroism of Italy's fighting
men. Enough of this story of valor,
unfaltering courage and supreme
sacrifice of the Italian defense,
reached here this afternoon to
arouse the whole capital to a thro-
b of patriotic pride and make the con-
viction certain that Italy's men
would stem the tide of invasion.
Withdrawal of the third army was in
itself a strategic feat not approach-
ed in any of the war's maneuvers.
Practically encircled by the Ger-
man-Austrian forces, the men nev-
ertheless cut themselves out, fighting
hour after hour and day after day
without complaint.

ARE STANDING ON COUNCIL'S RECORD

Republican Candidates Say They
Are Willing to be Judged by
What is Accomplished

MAJORITY ASK RE-ELECTION

City Will Have Bank Account of
More Than \$40,000 When Fall
Taxes Come In

Republican candidates for city
offices are convinced that the issue
in the campaign which will close
with the election next Tuesday is
the business-like administration of
the present council, the majority of
which seeks re-election, and not the
number of policemen employed.

The four members of the coun-
cil who are candidates are willing to
stand on the record of the adminis-
tration which has been conducting
the affairs of the office for four
years. They are not ashamed of a
record which shows accomplish-
ments such as the accumulation of
a bank account of \$21,000, the
paying off of \$19,000 in bonds ma-
turing and the expenditure of \$12,-
500 in refunding money water con-
sumers paid for meters.

By the first of the year, when the
present council turns over the city's
business to its successor, the bank
account will be much larger. The
city will receive approximately \$23,-
000 from the county as its share of
the fall installment of taxes. This
will increase cash on hands to the
sum of approximately \$44,000. The
amount on the right side of the
ledger the first of next year will in
all probability be larger because all
outstanding debts are paid, and in
view of its past record, it is just to
assume that the accumulation of
money will be larger.

This, it is pointed out, is in rare
contrast to the unbusiness-like pro-
cedure of the administration before
the present one, which left an in-
debtedness of more than \$20,000
borrowed from the banks and in old
claims for the new council to as-
sume. The present council at once
disclosed its business sense by re-
funding the money borrowed from
the bank at 6 per cent and issuing
4 per cent bonds. In addition to all
this, the council has reduced the tax
rate ten cents.

The Republican candidates believe
that any voter who will study the
record of the present council can
have no choice but to vote for
them, if they have the best interests
of the city at heart.

Republican candidates are devot-
ing their time informing voters that
they will not lose their vote because
they have not registered. There
has been misunderstanding about
this from the first. The new regis-
tration laws in the state provide for
registration for a municipal election
only in a few of the larger cities of
the state. The only thing a voter
has to do is to be qualified as to
residence.

The main thing for them to re-
member is they DO NOT HAVE TO
REGISTER.

RUSSIA WILL STAND WITH HER ALLIES

(By United Press.)

Washington, Nov. 2.—That Russia
will stand by her allies and make no
special treaty with Germany was an-
nounced today. For the time being
—possibly until spring or summer—
Russia is putting the burden of ac-
tive warfare against the Teutons on
the shoulders of her allies. Russia
has not and will not negotiate for
special peace. Following a week of
distress, Russia not only withdrew,
but was actually planning to negoti-
ate for peace with Germany.

It was officially stated by Secre-
tary Lansing America and the allies
are giving "all possible assistance."

ATTENTION! Farmers and Feeders

The RUSH CO. MILL is running day and night for the Government. Feed is stocking up on us and we will make special prices to Feeders in ton lots and up. We have the best Mill Feeds on the market and feeders had better take advantage of this opportunity and lay in a good supply, as it will be impossible to buy Mill Feeds next spring.

We are in the market for Old White Corn at a fancy price. Will also be in the market for all the New White Corn in Rush County at a premium.

We also want to buy your Baled Hay and Straw.

We are still paying \$2.08 for No. 2 Wheat.

RUSH COUNTY MILLS

Home of "Clark's Purity"

Food Conservation Week

This week has been set aside by the food administration as Food Conservation Week.

The purpose of the campaign beginning this week is to get us to substitute foods that are plentiful for those that are scarce.

We are asked especially to substitute for

WHEAT, MEAT, SUGAR AND ANIMAL FATS

Every home in Rush county should begin a system of substitution right now.

Also remember that every bit of food saved now will have its effect on shortening the war, so save as well as substitute.

We take pleasure in listing below a number of articles from our stock that will assist in making the wheatless, meatless and sugarless days easy to prepare for.

In place of wheat we suggest corn meal, oatmeal, hominy, rye, or buckwheat flour.

For meat you may use fish, poultry, sardines, salmon, nuts and eggs.

For sugar use molasses or honey. Eat dates, figs, raisins, peaches, prunes or apricots. Use jams, jellies, and preserves. Save sugar by all means.

In place of animal fats use Crisco, olive oil, corn oil, peanut butter and cheese.

Our window this week will be devoted to displays in keeping with the spirit of Conservation Week.

Bucking Horse Which Threw Chaplain of 139th Given to Infirmary at Camp Shelby.

THEY WILL RIDE ANYTHING

Rumors Afloat That Artillery Regiments Will be Sent to Philippine Islands.

Camp Shelby, Miss., Nov. 2.—The infirmary of the 139th Field Artillery, formerly the sanitary detachment of the old Fourth Indiana of Rushville, Ind., now has two government horses and one pack mule. They are also using a small broncho for orderly work.

The infirmary had one horse wished on it. The chaplain of the regiment had been using the animal, but was thrown several times and gave up trying to ride him as a bad job, so the infirmary grabbed on to him as they are riding everything from a hobby horse to a zebra.

There are rumors here that after sixteen weeks of training the Artillery regiments are to be sent to the Philippine Islands to relieve the regular army. While all think they would enjoy a stay over there, they cannot make themselves believe that heavy artillery will be sent there.

Quite a number of the soldiers here visit the neighboring towns on Sunday, Gulfport and Biloxi being the two chief points of interest. Gulfport is 70 miles from Hattiesburg and Biloxi, 12 miles farther. Those from the Sanitary Detachment who made the trip Sunday were McNelly, Sharp, Chipman and Schrichte. Benning and Dagler were New Orleans visitors.

The trip to Gulfport is made in about 2 hours. A 45-minute ride on traction car along the gulf coast puts one in Biloxi. The Gulf of Mexico is in sight all the time while on the car, at most points the water's edge is less than 50 feet from the tracks.

The particular points of interest between these towns are the former home of Jefferson Davis, which has been converted into a Confederate soldiers' home by the state of Mississippi, and the Mississippi Centennial buildings, which were to be used at Centennial celebrations last year, but was postponed until 1919. The building and grounds are to be used as a Naval training station.

At Biloxi the soldiers were entertained with dancing, sailing, motor boating and swimming at the Biloxi Yacht Club.

HOG QUOTATIONS OFF 25 TO 50 CENTS

Hog quotations were 25 to 50 cents lower in Indianapolis today with receipts 500 greater than yesterday. Indianapolis grain was steady, but Chicago corn declined from two to three cents.

Grocers Put Ban on Brown, Powdered and A Sugar Because of Shortage Growing Worse.

LOAF KIND CAN'T BE BOUGHT

Dealers Have Trouble Buying it From Wholesalers—Orders of Canned Goods Cut Down.

The solution to the problem of the shortage in sugar and other grocery supplies, according to local grocers, is for the consumers to buy in small quantities, getting enough for only a few days ahead until the situation is relieved. The shortage in the first place here would to a great extent have been avoided had people bought in smaller quantities.

Several days ago, the supply of granulated sugar allowed a customer was limited. Recently the amount of all sugars, brown sugar, powdered sugar and A sugar sold a customer was limited. Some grocers will sell a quarters worth and others sell fifteen cents worth of these sugars. The loaf sugar cannot be purchased by the grocers and they have only the supply on hands to sell.

The dealers in turn are having their problem in purchasing their supplies. Wholesalers will only sell sugar to retailers who have formerly depended upon them for their supply and then sell only a hundred pounds in a lot. One dealer reported today that people in this district would no longer get cane sugar, they would be supplied with beet sugar alone. The reason for this, if the ruling passes, is that Indiana and Michigan are in the beet sugar district and as far as possible, each district is to depend upon its own resources.

The agitation for food conservation and food substitution has had its effect, the grocers state. Cornmeal is being sold as it never was before and other articles are being bought in quantities. The change is coming gradually and even greater demands for the foods people are asked to eat will come. In fact, they will have to.

It is remarkable sugar has not gone up in price. It will be remembered, when two years ago the sugar shortage occurred the product went up three or more cents a pound. However, the price of ten cents a pound has remained during this shortage.

Few grocers, if any, are receiving their full orders of canned goods. This is partly due to the fact that many crops of vegetables and articles for canning were not up to the standard and partly because of the demand of the government for food for the armies. Each canning factory has to send a percentage of its output to the government. Seventeen per cent of canned tomatoes and salmon go to the government, and other canned articles go in proportion to their need.

TODAY EXPECTED TO SET NEW RECORD

Three Railroads Taxes Arrived This Morning, Making Prospects For Collections Good.

OVER \$20,000 PAID YESTERDAY

The county treasurer's office expected to set a new record for one day of the full taxpaying season today. It was estimated that collections would be somewhere between \$25,000 and \$30,000. A good start was given the day's collections when the taxes from three railroads were received in the morning's mail. The C. I. & W. paid \$4,965.77; the L. E. & W. \$861; the Pennsylvania, \$3,633.45.

Collections yesterday mounted to the highest mark yet reached this season, \$20,537.27. This left approximately \$72,000 to be collected on the fall installment when the office opened for business this morning, with three days in which to collect it. The average must be close to \$25,000.

The office will be open after seven o'clock in the evening, tomorrow and Monday night.

—Dr. L. T. Freeland and J. M. Walker, who are attending the ministerial meeting at the Methodist church here, are the guests of Mr. and Mrs. Charles Hugo. Mr. and Mrs. L. B. Miller are entertaining Dr. Hughes and Dr. McKay, who are also here for the meeting.

W. S. Thompson, Asking Divorce, Says Wife Used Vile Terms

William S. Thompson today filed suit for divorce against Georgia E. Thompson, alleging cruel and inhuman treatment. They were married July 30, 1917, and separated October 24, the complaint says. Mrs. Thompson has returned to her former home in Indianapolis. The plaintiff alleges she was quick and high-tempered and called him "an ornery dog" and other cruel and vile names. T. M. Green is attorney for the plaintiff.

WILL INCREASE POSTAL RECEIPTS BY \$8,000

Continued From Page 1

o'clock, the rules which went into effect as a result of the war tax are: every letter, except drop letters, requires three cents postage; drop letters require two cents postage and include only those addressed to Rushville or Rushville rural routes; postals, regardless of destination, require two cents; this is with the exception of the large mailing cards sent out as advertisements, those without handwriting and not bearing the words "Postcard" or "Private Mailing Card." This is the only exception to the rule of two cents on post cards. The changes will be adjusted easily at the postoffice if the public co-operates in observing the new rules.

A marriage license has been issued to Sylvia Marsh and Elmer Aldridge.

Days Pickings

The estate of Anna M. Demmer has been admitted to probate in the circuit court. It provides the estate, which amounts to about \$4,500, shall be divided in ten equal parts among her eight living children and the heirs of her two deceased children. In a codicil she provides the share of her son Nicholas shall be in charge of her son-in-law, Louis Walters. Another codicil says \$96 shall be deducted from the share of Maggie Schatner and divided among the other heirs. Frank J. Hall is executor of the estate.

Charles H. Ryan was elected and installed as Past Consul and Frank Moringo as Escort of Burr Oak Camp, Modern Woodmen of America, last night, and arrangements made for a class adoption the latter part of this month. The degree team is practicing regularly. Five candidates have already been secured for the class.

John Holmes has resigned as carrier on the rural route from the New Salem postoffice. He was transferred from Glenwood to New Salem the first of August when the routes were changed in this county and the number reduced. He has been making his home in Glenwood while carrying the mail from New Salem.

The boiler of a Pennsylvania freight engine developed a leak this morning and stopped just east of the Main Street crossing. Traffic on streets west of Main street was held up for an hour and a half until an engine from Cambridge could be sent here to take the freight back on a siding.

Three large claims against the estate of John Ivins have been placed on the issue docket in the circuit court ready for trial, not having been allowed by the administrator. They were brought by Anna C. Harold, for \$148.69; Bert Ivins, for \$578.50; Dessie Ivins for \$500.

The Rev. U. G. Abbott who was recently transferred from the Richmond circuit to Main street Methodist church at Connersville was recently given a reception by his church members and a donation at his home at 132 Fountain street.

All Rushville barbers, with one exception, have agreed to charge 35 cents for a haircut instead of 25 cents. All other prices will remain the same. Increasing cost of supplies is given as the cause for the advance in price.

Two claims against the estate of Edward Bell, one for \$18.50 filed by Bliss & Cowing and the other for \$80 filed by Walter E. Smith, have been docketed in the circuit court ready for trial.

The funeral services of George Abernathy will be conducted at the Christian church tomorrow afternoon at 2 o'clock, with the Rev. Mr. Parker in charge of the services.

Frank McCorkle as receiver for the Milroy Light company has filed a petition in the circuit court against N. G. Gloschen and P. M. Witters for the sale of real estate.

J. E. Caldwell of Jackson township has been ill for about a week with blood poisoning as a result of an injury from running a splinter in his hand.

The will of the late Samuel Griffith, who died at his home near Moscow several days ago, has been admitted to Probate in the circuit court.

The ladies of the Alter society of the St. Mary's Catholic church will hold an all day exchange Saturday, at the John Kelley grocery on Main street.

Rosa V. Ratliff has a claim against the estate of O. M. Cartmel for \$8.47 which has been transferred to the docket ready for trial in court.

The claim of Luther Caldwell against the estate of Harry Sweet for \$6 has been placed on the docket ready for trial in the circuit court.

The claim of Mary E. Hinshaw for \$36.96 against the estate of Charles W. Bramel is ready for a hearing in the circuit court.

John H. Frazee, who has been quite ill with blood poisoning, was able to walk down town for the first time today.

George Meid of near Andersonville has rented George Thomas' farm southwest of the city.

A train of artillery went east on the C. I. & W. yesterday afternoon.

With The Churches

—Arlington Methodist church, the Rev. F. M. Westhafer, minister: Bible school at 9:30 a. m. The pastors of the Carthage and Arlington churches will exchange pulpits, the Rev. Daniel Ryan going to Arlington for the day in accordance with a plan observed by all M. E. churches in the county. Epworth League will be held at 6 p. m. Sunday instead of Wednesday, on account of the coal shortage, subject, "Leavening the Foreign Avalanche," the Rev. J. L. Brown, leader; preaching at 7:00 p. m. Services will be held at Franklin at 2:30 p. m.

—St. Paul's Methodist Episcopal church, Rev. Clyde S. Black, pastor. Phone 1262: Sunday School at 9:15. This will be the beginning of the special Rally week work. Everyone be present and start the week's work well. Morning worship at 10:30. The Rev. E. Robb Zaring, D. D. of Chicago will preach the sermon. Epworth League service at 6 P. M. An interesting program is arranged for the young people. Evening service at 7. Sermon by Dr. Zaring. You have a cordial invitation to attend all of these services.

—First Baptist church, C. J. Bunnell, residence 612 North Morgan, phone No. 1911. Sunday school, 9:30; public worship, 10:45 a. m. and 7:00 p. m.; subject for the morning sermon, "Communion of the Lord's Supper"; the memorial supper will be observed at the close of the morning service. Theme for the evening service "The Mercy of God." An inspirational service will be held at two o'clock in the afternoon when the pastor wishes to meet all the members of the church.

—St. Mary's Catholic church; the Rev. M. W. Lyons, pastor; Sunday Masses at 8 and 10 a. m.; Sunday school and vespers 2:30 p. m.; Week day mass 8 a. m.

On next Sunday the annual pilgrimage to Calvary Cemetery will take place. A memorial service will be held in the church at 2:30 p. m. after which the congregation will go in procession to the cemetery where prayers for the dead will be recited.

—Homer Christian Union church, the Rev. P. O. Ortt, pastor, Manilla, Ind.: Sabbath school at 9:30 a. m.; special rally day when every member is urged to make this the biggest school in its history; preaching at 10:30 by the pastor; no evening service on account of the revival at Rays Crossing; Christian Endeavor every Thursday evening at 7 o'clock. Revival meetings will start Thanksgiving evening. All are cordially invited to all these services.

—First Presbyterian church, 7 a. m. Quiet Hour; 9:30 a. m. Bible school; 10:30 a. m. Divine Worship; Sermon by pastor. "The Loom of Life;" 7 p. m. The evening service will be in behalf of the six boys of the church receiving war medals. Four special addresses will be made and patriotic music sung. Thursday, 7:30 p. m. prayer meeting.

—The regular services will be held at the United Presbyterian church Sunday, with Sunday school at 9:30 and preaching at 10:45. The Young Peoples meeting will be at 6:30 and evening services at 7:00. Congregational prayer meeting, Thursday evening at 7:30.

—In view of the recent cessation of church and especially Sabbath school services, the pastors unitedly request that a special effort be made to bring things to a normal condition, if possible and feasible, this coming Sabbath.

—The services for the Glenwood United Presbyterian church for Sunday are Bible school at 1:30 and preaching by the pastor at 2:15 p. m.

Amusements

Two good films are in store for those attending the Gopi theatre this evening when they see "Railroad Raiders," and "Perils of Our Girl Reporters." Each is filled with thrilling incidents emphasizing the points of the plot. Incidents of the day will be shown in the Mutual Weekly. For the Saturday program, True Boedman appears in the "Stinger." The comic features are to be "Cub Comedy," and "Jealous Jolts."

Blanche Sweet appears at the

Aeolian Vocalion

The Phonograph of Richer Tone

That You Can Play

Every word and every note is reproduced perfectly.

NO GRINDING, GRATING NOISE TO ANNOY YOU.

Just a wonderfully smooth, silent running motor set in a beautiful cabinet—An instrument that you may be proud to own. And it costs no more than the ordinary Phonograph.

Let us demonstrate this Instrument's advantages over other makes.

Johnson's Drug Store

The Penslar Store

Phone 1408. We deliver anything, anywhere, at any time.

Food Conservation Week

Feed our American boys, also our allies and wipe out the Germans. Save food and the end is near. Let us suggest how to save food, also other necessities—

COOK WITH

THE CHAMBERS FIRELESS COOKING GAS RANGE

Saves food in preventing it from burning;

Saves shrinkage as there is no loss in this cooking device.

Saves three-fifths of your time, so that time can be spent at Red Cross headquarters working for our boys. This is very essential.

We can show you 50 reasons why this cooker saves food, gas, time, repairs, labor, heat, flavors and juices.

We carry all styles from \$30 to \$85. Installed on a Guarantee.

E. E. POLK

Princess theatre this evening in the "Tides of Barnegat." Here a heroic story is told of a young girl taking the blame of disgrace, all for the sake of her sister, whom she saves.

Henry Walthall takes the lead in, "The Saints Adventure," at the performance tomorrow evening. It is a story of the shams.

Anderson—Housewives of Madis-

on county have recently been approached by men who claimed to be representatives of the government, who appropriated canned food.

WANT ADS BRING RESULTS

Stronger Men Take the Lead

They Have Nerves of Iron and Real Red Fighting Blood

Vital force is the material from which leaders in all walks of life are made, it is well worth getting and holding.

The health and nerve of the athlete is what Nature intended every man and woman to have.

The blood of an athlete is pure and red, a strong heart pumps and drives it through his body. No wonder that every inch of his system, his nerves like iron, spirits high, hard tasks a pleasure and life one song of joy.

A leading Doctor says, "Everyone should feel this way. That if you are not red blooded, are nervous, all run down and on your last legs, for you to build up your blood and nerves with exercise, fresh air, nourishing food and Nature's great prescription Phosphated Iron a real blood and nerve builder."

Then you will be there with vim and push to easily do the work that you now do on your nerves alone.

He also says, "Phosphated Iron feeds the blood cells with iron and Nerve force, and that leading specialists are now using it successfully all over the country, that it has sprung into almost instant popularity with the better class of doctors as one of the few remedies they can depend on to produce results."

Special Notice—To insure physicians and their patients getting the genuine Phosphated Iron we put up in capsules only, so do not allow dealers to substitute any pills or tablets. PITMAN & WILSON and leading druggists everywhere. Rushville, Ind.—(Adv.)

An Unjust Accusation

Champ Clark raises his voice to accuse "a powerful ring of New York financiers" of plotting to make the second Liberty Loan a failure. Prior to this accusation the same thing, in different words, had been put forth by one of the McAdoo men who perform incantations in the administration press. Neither of the accusers has advanced any specifications to sustain the charge. No names have been mentioned—for the very good reason, we assume, that the law of libel has not yet been suspended because of the war. If Speaker Clark or Secretary McAdoo or any other leader of the Democratic party has substantial reason to believe that a concerted effort was made to handicap the Liberty Loan, in Wall Street or anywhere else, it is a public duty to lodge the information with the Department of Justice and to begin prosecution. The fact is that there is no basis for such an opinion. Wall Street, with all of its sins, is not guilty in this case. On the contrary, Wall Street and the institutions and corporations which Wall Street represents have done far more than their allotted part in making both Liberty Loans successful, not only by subscriptions of their own funds, but by securing the subscriptions of others and by giving the services of their foremost executives to help the Treasury Department put over a job, which was manifestly too big for the deserving Democrats who now infest the executive departments at Washington.

The military expert of the London Times has given Pershing's men the once-over, and pronounces them good to look upon. He also thinks that handsome is that handsome does, and that it will be a sorry day for the Boche when he goes up against the American army. All this is pleasing to our national pride; and when the test comes we shall have proof that it is truth and not taffy.

Mr. Edison says that the clothes of the future will be so cheap that any woman can follow the fashion without feeling the expense. The saving feature of this prophecy is that Mr. Edison carefully omits to state just how close that future is to the present.

Senator Borah of Idaho has announced that he will not be a candidate for re-election, and Mrs. Borah is being urged to make the race for the succession. Those Idaho folks must think the gray mare is the better horse.

No, the "German" is no longer a popular dance in allied countries.

The Task Before Us

By Senator James E. Watson

The Russians have fallen back. They will be months reforming their battle line, and with no responsible government, they may be permanently out of the struggle.

Great Britain has strained her resources to the breaking point. She has partly financed her allies; she has sent six millions of troops to the front; she has expended twenty-three thousands of millions of dollars, and she has well-nigh exhausted her great resources and depleted the energies of her colonies.

France is in deep distress. Her fields are laid waste; her great vineyards destroyed; her coal and iron fields are in the hands of the Germans; many of her cities lie in the blackened ruins; one-half of her entire male population has been killed or permanently wounded; she has expended thirteen billions of dollars; her railroads are almost useless; her entire system of transportation is in a deplorable state, and over the entire land is the blighting shadow of fear.

Italy is in the same desperate straits, and our other allies, save Japan, are incapable of great effort.

If all the allies press ship construction to the supreme limit, they can build an aggregate tonnage just about equal to that destroyed by the submarines.

Therefore, it is up to us to win or lose this war. We must either go on or back out. If we back out, Germany will whip the allies. She will take possession of the fleets of Eng-

land and France or whatever portion of them may be left; she will completely control the oceans of the world; she will sweep our commerce from the high seas; she will entrench herself in South American countries and in Mexico, and probably in Canada, and with her vast military equipment and the unlimited ambition of her ruling oligarchy for political power and commercial supremacy, she could undoubtedly place us in a most perilous position for years and years to come.

The way for everybody to help is to talk war, to practice every little economy, and at the same time for every man, woman and child to do something to increase the quantity of food or to promote enterprise of some kind.

One ounce of food saved every day by every family in the United States means a vast herd of cattle in the aggregate, and this is a comparatively insignificant task. It is so in everything else, and in this way we can all help.

Production has been wonderful this year, but it can be made more so next year, utilizing every available inch of space and cultivating to the highest possible degree.

The money spent for sheer pleasure each New Year's eve in the entire United States would completely equip a large number of regiments for battle. This money is worse than wasted and is thrown away with an abandoned prodigality which denotes the extreme of luxury.

All such profligacy should be abandoned and each person in the country should set himself resolutely at work to do what ever he can do toward aiding in the common enterprise of winning this war.

It is too late to discuss about whether or not we ought to be in, for the all-sufficient answer to that is that we are in. The only way out is the forward way, and with the greatest military power that ever shook the universe as our opponent, we must have the most perfect teamwork ever known in any republic in order to overcome and subdue her. This is everyone's task.

8 KILLED IN AIR RAID

London, Nov. 2.—Eight persons were killed and twenty-one others were injured in the German air raid said Wednesday night, according to an official statement issued today by the British War Department.

Decatur—Arthur Butler's arm was taken off when caught in a sugar centrifugal machine at the sugar factory.

Men's artics. Sample Shoe Parlor.

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and druggists here are kept busy dispensing freezone, the ether discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers. Ask at any pharmacy for a quarter ounce of freezone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so arrieved that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

CONSERVATION WEEK!

Because of the world-wide need of food and because of an absolute necessity of doing our utmost to win the great world war with all possible speed it becomes imperative that we pause and consider soberly this all important question.

This does not mean that the average Rush county family need go hungry or fail to have an abundance of good food. But it is true that a more careful conservation and preservation, and a more liberal use of the perishables about us, will prove a direct assistance just now to the world's food supply. Now add this one sentence

Keep Business Moving

And you have the two factors that if faithfully and religiously pursued will bring this horrid war to the earliest possible conclusion—and finished our way, the only possible result.

To this end and for this purpose you will find our large and comprehensive stock of the highest class merchandise obtainable priced at actual merchandising values.

Just now we feature—

COATS, RAIN COATS, SUITS, DRESSES.

The new thing when it's new
The right thing when it's right.

Herbert C. Hoover

The Savior of Belgium

Whose marvelous work in feeding that stricken country is the world's greatest object lesson in thrift.

To Herbert C. Hoover has ever been given one of the most stupendous tasks ever allotted to mortal man.

Food Commissioner of the United States.

The duties of the position are almost unbelievably heavy, and still the world is sure that Hoover will accomplish his task.

For Hoover has shown that he possesses, to a remarkable extent, the quality of **thrift**.

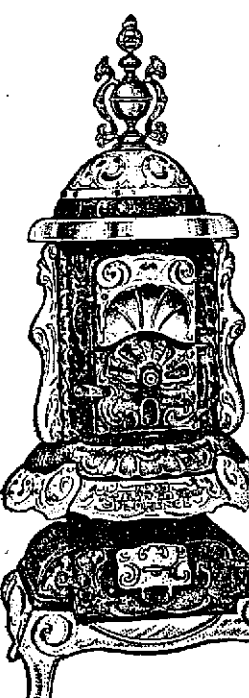

Hoover believes that thrift will win the war—and, if it can accomplish a task so gigantic, it can certainly be depended upon to solve the little personal problems of the individual.

SENSE OF HUMOR IS DISPLAYED BY POPE

American Artist Paints Portrait of Benedict and Shows it to Him at Vatican

POPE ANSWERS THE REQUEST

Rome, Oct. 10 (By Mail)—Probably the world does not look for humor in Benedict XIV. But a story, now going the local rounds, reveals this vein in him.

Italy numbers many self-styled artists, who paint their best pictures in imagination. One of them, an American, recently did a pretentious portrait of the Pope from a photograph. Proudly he took his masterpiece to the Vatican; beseeching a signature and a biblical reference from His Holiness.

Without a moment's hesitation the Holy Father wrote, "It is I! Have no fear!"

Then he signed his name with a flourish beneath it.

BRITISH DUDES CRY TO "SAVE OUR STYLES"

English Government Plans to Make Standard Cloth For Men's Clothes—They Fear Results

WILL SAVE WOOL FOR ARMY

London, Oct. 12. (By Mail)—The British government is working on a plan to standardize the clothes of the stay-at-homes to save wool.

Up on Saville row the habitat of the dudes—the British for them is "nuts"—there is fear and trembling. If the dread decree goes into effect how is one to be distinguished from one's valet?

Already the government has a scheme completed to produce a standard cloth for civilian wear at a standard price, the same as potatoes, wheat or sugar.

And the nuts are sending out the S. O. S. call—save our style.

SEARCH FOR CASHIER STATE BANK AT HOBBS

Authorities Look For Igrill Carr, Charged With Embezzlement and Perjury

ISSUES CHECK FOR \$2,250

Indianapolis, Ind., Nov. 2.—Officials today were searching for Igrill Carr of Tipton, former cashier of the Farmers State bank at Hobbs, Ind., on the charge of issuing a fraudulent check for \$2,250, embezzlement of the sum and perjury for not including the check transaction in his report, according to an announcement from the state bank examiner's office.

Carr left Tipton Tuesday evening and has not been seen since. He has a wife and three children. His parents, who are wealthy land owners, made good the amount.

Men's artics. Sample Shoe Parlor. 19719.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

DEATH LURKS IN SMALLPOX VACCINE

This is Indicated by Admission That Ten Deaths Have Resulted From Tetanus

ONE BRAND IS SUSPECTED

(By United Press.)

Washington, Nov. 2.—Death from lockjaw hides in smallpox vaccine sent to many cities and military camps in the United States. This was indicated at the public health service today by official admission that of ten deaths since July from tetanus following smallpox vaccination, several of the fatalities occurred from the product of one manufacturer, one of the country's biggest dealer in this vaccine and patronized by army and navy purchasing agents.

It was emphatically denied that any deaths had been officially reported from Tennessee, where five are reported to have died.

"Although an analysis of the manufacturer's product failed to disclose tetanus germs, his entire output on the market has been recalled."

Songs of Sammies

American Field Headquarters, France, Oct. 11 (By Mail)—Just a little matter of precedent seems to be all that is keeping scores of patriotic young Americans of tried bravery, from offering their lives to their country. They are fighting here in France, the survivors of five battalions of Americans who joined the Canadian Army to gain time in killing Germans. Those who are living but still taking their turn in the trenches have seen hundreds of their friends blown up by shells, choked by gas or mown down by machine-guns. Although the new American army could use these Americans, particularly the specialized officers, the transfer appears to be blocked by the technical fact that they alienated themselves when they joined the Canadians. To join the American army they must become Americans and to become Americans they must journey home and obtain their papers. Very few can afford to do that. Besides, the Canadian authorities are disposed to release from fighting only those for whom the American Army make application. This is the forlorn admission of one American officer who applied for an American commission the day we declared war. "I have almost given up hope of ever fighting with my own army. Our fellows in the trenches could certainly give them some valuable lessons in fighting. I wish it would come to pass—we would like to be with our own people. But they don't seem to want us."

"I" MEN TO BE AT DINNER

Frank J. Hall, Former I. U. Man Expected at Banquet

Indianapolis, Nov. 2.—"I" men of Indiana university were arriving in Indianapolis on every train today for their annual banquet tonight, the eve of Indiana's game with Ohio State. The dinner will be held at the Claypool hotel. About 200 men are expected, including four of the seven survivors of the first baseball team in 1867 at Indiana. They are: Frank J. Hall, Rushville; A. P. Twinham, Princeton, Ind.; Mack McDonald, Williamsport and W. D. Bynum, Indianapolis.

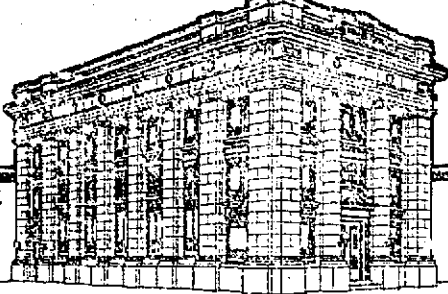

HOOSIER BRIEFS.

Frankfort—Officials are investigating rumors that a salesman is spreading reports through Clinton county that the government is going to seize fruit from private homes.

Washington—Mrs. Wilmial McDonald, 67, was severely burned when a coil oil can with which she was starting a fire, exploded.

Evansville—Earl G. Kleck pledged himself to wear the American flag during the war, when accused of disloyal utterances.

Mr. and Mrs. Ora Smith entertained with a well appointed Halloween dinner party, Thursday evening at their home northeast of this city. The rooms were decorated throughout with yellow chrysanthemums. Covers were laid for ten guests.

About twenty-six members of the Epsilon club had their regular meeting with Mrs. Chase Mauzy yesterday afternoon at her home in North Main street. Splendid refreshments were served by the hostess, after the ladies spent the entire afternoon over needlework. Mrs. Hugh Mauzy will entertain the club in two weeks.

All of the members were present yesterday afternoon at the meeting of the Thursday Auction Bridge club with Mrs. Frank Catt at her home in North Perkins street. After spending the afternoon over cards, the tables were spread for a luncheon. In two weeks, Mrs. Wilbur Stiers will be hostess to the club.

Yesterday afternoon, Mrs. E. O. Anderson was hostess to eight members of the Y. V. club at her home in Milroy. Splendid refreshments were served and the ladies spent a pleasant afternoon over needlework. The first Thursday in December is set for the date for the next meeting.

Miss Ida Gardner, Contralto, and Harold L. Lyman, Flutist

Practically all of the prominent music lovers of Rushville and vicinity will be in the audience that will hear the program to be given by Miss Ida Gardner and Harold L. Lyman at the Main Street Christian Church, Friday, November 9th, at 8:15 p. m.

These artists have been heard in a great number of the larger cities of the United States. Critics have been enthusiastic in their praise; they make concessions to the audience for those who are fond of old folk songs and old favorites and include some of these in every concert.

They come here through the efforts of Hargrove & Mullin. Admittance is by complimentary ticket only and can be had by calling in person at the drug store or by request through the mail.—Adv.

Mr. and Mrs. O. M. Harton entertained with an elegant dinner party last evening at their country home south of this city. A large French basket of chrysanthemums embellished the center of the prettily laid table, where covers were marked for Mr. and Mrs. Dora Hilligoss and grandson, Lowell Osborne, Mr. and Mrs. O. P. Wamsley and daughter Catherine, Mr. and Mrs. Bert Osborne and son John Robert, and Mr. and Mrs. Charles Winship. After supper the guests were entertained with 500.

Mrs. Alma Winship entertained with a six o'clock dinner last evening at her home in West Ninth street, honoring the seventy-seventh birthday of her mother, Mrs. Angeline Casady. A beautiful bowl of roses centered the table, where the elegant dinner was served. The guests included Mr. and Mrs. E. R. Casady and family, Mr. and Mrs. Knowles Casady, Thomas McDaniel and son Ross, Mr. and Mrs. Frank Cotton and Miss Ruby Branson of Manilla and Mrs. Julia Casady.

Miss Marguerite Gallimore was hostess to the members of the N. B. B. O. club last evening at her home in West Second street, at which time two new members the Misses Ruby Sparks and Ethel Newhouse were taken into the club. The only light in the dining room was shed by pumpkin faces and pretty autumn leaves were used to decorate the table. Other guests present were the Misses Vera Short, Blanche Clark and Ruth Smith.

The marriage of Miss Sylvia Marsh and Elmer C. Aldridge, son of Mr. and Mrs. Daily Aldridge, occurred yesterday at the St. Paul's M. E. with the Rev. Clyde S. Black performing the ceremony. The young couple will make their home on the Daily Aldridge farm in Anderson township. Mr. and Mrs. Hensley Hill were attendants at the wedding.

Mrs. George Green entertained with a six o'clock dinner last evening at her home in North Morgan street, honoring the birthday of Mr. Green. Among the guests were Mr. and Mrs. Dwight Miller of Neffs Corner, Mr. and Mrs. J. D. Hall, Mr. and Mrs. Paul Green and Mrs. John Green of Richmond.

Clyde Kitchin entertained with an oyster stew and smoker last evening at his home in Milroy. The guests included Harry Richey, Paul Tompkins, Bernard Kitchin, William Bosley, John Jackman, E. O. Anderson, Frank McCorkle, Lee Hume and J. W. Anderson.

At the meeting of the Juanita club with Mrs. Luther Sharp, Wednesday

afternoon, Mrs. Grace White was the guest, instead of Mrs. Grace Woods, as was stated in yesterday's paper.

Clement Poston, who is home from Indianapolis, where he is attending Technical high school, was given a surprise last evening, when a merry party of masqueraders went to his home north of this city. The pretty rooms were lighted with candles and a color scheme of yellow and black was used in the decorations. Refreshments were served by the hostess, Mrs. I. N. Stevens. Those present were: the Misses Gladys Trowbridge, Josephine Junkin, Inez Abernathy, LaVaughn Sears, Ruth Bitner, Lavonne Lucas, Lena Vaughn, Mae Mills, Elsie Abernathy, Louisa Mahan, Neoma Newhouse, Doris Belter, Brenda Brown and Clarence Newhouse, Wilbur Gray, Orville Evans, Charles Jarrett, Ralph Jones, John Mills, Corlas Abernathy, Walter Nelson, Ray Sample Clement Poston, Ray Lucas, Roy Ward, Paul Brown, Cecil Scott, Loys Rees and Herschel Newhouse.

At the meeting of the C. W. B. M. of the Little Flatrock Christian church yesterday, which was held with Miss Ida Stevens, the ladies of the November division were the hostesses to the rest of the society. Mrs. Anna Wylie was the leader and a short program was carried out, including papers by Mrs. Bert Heaton and Mrs. Frank George. Refreshments were served to the fifty guests, who were present. The date for the next meeting is set for the first Thursday in December.

Mr. and Mrs. Paul Lagrange entertained several friends last evening with an informal card party at their home. Late in the evening a delicious supper was served. The guests were Mr. and Mrs. Anthony Schrichte, Mark Purcell, Father, M. W. Lyons, Mr. and Mrs. Fred Gale, John Hayes, Mrs. Tom Sullivan, Mrs. Moran, the Misses Theresa and Jennie Madden and the Misses Hayes.

The Eastern Star will meet in their regular session this evening and every member is urged to be present as business of importance is to be brought up before the meeting.

Mrs. Susan Tingley was the guest of honor today, at a dinner given by Mr. and Mrs. L. B. Miller at their home in North Perkins street.

The members of the Donnan class will meet with Mrs. Sam Innis tomorrow afternoon at 2:30 at her home in North Perkins street.

PASTORS CONFER OVER ENDOWMENT

Continued From Page 1

by the ladies quartette of the church. Launching Sunday for the campaign is to be observed next Sunday when a new minister will appear in each church in the conference and preach. Dr. Robb Zaring, editor of the Western Christian Advocate, will preach here.

The Style Symphony

this Autumn is incomplete unless a pair of the celebrated

Queen Quality Shoes for Milady

are a part of the costume. These highly cultured, aristocratic and supremely styled boots are smarter this Fall than ever before. One or more pairs are absolutely necessary to the well-gowned woman.

Do you want footwear which is Different? Smart? Attractive? You will find our shoes for Fall and Winter positively fascinating in their beauty.

Consider this a personal invitation to call.

The Mauzy Co.

TO THE VOTERS OF RUSHVILLE

You are called to the polls

Tuesday, Nov. 6th

To elect officers to administer the affairs of your city government for a period covering the next four years.

From every part of the city and from citizens of all political parties are heard bitter complaints concerning the

Democratic Candidates

JOHN D. MEGEE
Nominee for Mayor
CHARLES G. NEWKIRK
Nominee for Clerk
KNOWLES CASADY
Nominee for Treasurer
JOHN CROWLEY
For Councilman-at-large
WALTER R. THOMAS
For Councilman-at-large
MORRIS M. WINSHIP
Councilman, First Ward
J. C. CLORE
Councilman, Second Ward
W. E. CLARKSON
Councilman, Third Ward

Inefficiency of Present Administration

The republican candidate for Mayor in a letter to the voters endorses the present administration. All but one of the present republican councilmen are again candidates, therefore the election of the republican candidates would mean a continuation of the present inefficiency.

Mr. Voter: Are you in favor of a continuation of the city's affairs as they have been conducted in the last four years?

Do you favor the election of five councilmen who are subservient to the wishes and whims of one of their number?

Do you believe a party is square dealing when they take credit for \$10,000 refunded to the water consumers, when the money thus refunded was wrongfully deposited by the consumers?

Do you have a hope of the Water & Light plant becoming a paying institution, when the present party after four years of management only claims this institution to be self-sustaining?

Do you believe that the present city council is responsible for the present water supply, when you know that the preceding administration created this condition?

In all fairness, Mr. Voter, do you not think it is time for a change in the administration of city affairs?

VOTE THE Democratic Ticket Next Tuesday!

ADDRESS HIGH SCHOOL

The advantages of attending college were brought out in the talks made before the local high school this morning by Dr. Alfred Hughes, president of Moores Hill college, and Dr. McKay of Des Moines, Iowa. Each of the men, who are here for the ministerial meeting at the Methodist church, gave inspiring talks to the young people.

GETS \$10 DAMAGES

The jury in circuit court late yesterday afternoon awarded O. F. Bussard \$10 damages in the suit he brought against J. E. Kirkpatrick on account of an automobile accident. He asked \$500. No cases were tried in court today.

WILL GET REPORTS ON THE COAL SUPPLY

Continued From Page 1

over the telephone this morning to whom that car of coal ordered to Rushville had been consigned. It was stated at the state office that this information could not be obtained without looking up the records, which could not be done at that time.

Although there is no coal in Rushville for sale at the present each of the dealers has a promise of some in the near future. The situation is due, according to a coal dealer who was in Cincinnati yesterday endeavoring to get a supply, not so much to the shortage of coal but of cars. The majority of the freight cars procured by the wholesale coal

men have to be used in shipping coal to munition plants, municipal plants and state institutions and for this reason, have a hard time supplying dealers.

One dealer has three or four cars overdue, some of which contain West Virginia and Indiana coal, and another received word that two cars had been shipped yesterday. The amount given to the customer has necessarily been limited, by one dealer to one ton per customer.

ENCAMPMENT NOTICE

Bernice Encampment No. 12 will have an important meeting this evening. Final arrangements will be made for the degree meeting Nov. 10. A good attendance is desired.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

GOOD BREAD IS RESULT OF CARE

Cook Must Watch Each Step in Bread-Making—Cannot Trust to Luck

BAKING IS VERY IMPORTANT

Oven Should be Tested With Thermometer and Changes in Temperature Watched

(By United Press.)

Indianapolis, Nov. 2.—"The successful bread maker takes no chances," said H. E. Barnard, state food commissioner today.

"Good bread is good because it is made that way. 'Luck never made many loaves of good bread,' he said. "The successful bread maker takes no chances. She selects her materials with care, follows each step in the bread making process with exactness and the result is always a good loaf. Like most household problems there is no single 'best' way to make bread. But after the dough has been prepared and put in the pan the baking of it can be regulated by following carefully these directions.

"When bread is put into an oven which is not hot enough to form a crust immediately and thus stop the rising, the bread will continue to rise. Bread which is allowed to rise partially in the oven has a larger loaf and a firmer texture than that which is allowed to rise more in the pan. When bread is allowed to rise in the oven it should be evenly heated so rising will take place during the first ten minutes of baking and then stop by an increased heat or the bread will get over-light and bulge over the sides of the pan. When put into a very hot oven, when it is not raised enough, a crust will form over the top too quickly and in rising further the crust will crack. A hot oven, will also make a thick crust of a dark color. Thus the temperature of the oven should be governed by the lightness of the bread. The most ideal baking conditions are to have the dough twice its original bulk. Place in an oven that will brown a heavy piece of paper or char a tablespoon of flour in five minutes. After the first ten minutes let the oven get hotter for fifteen minutes, then let it cool a little for the last twenty minutes.

"If an oven is used the temperature should be 356 degrees Fahrenheit or 180 degrees Centigrade when the bread is put in the oven. After the first ten minutes it should be increased to 428 degrees Fahrenheit or 220 degrees centigrade. These temperatures cannot be determined by the mere placing of the hand in the oven. Every scientific cook and that is the kind of cook who is always successful, uses a thermometer to test the heat of her oven.

Logansport—A new Wabash road depot will be opened here within a few days.

To Prevent Old Age Coming Too Soon!

"Toxic poisons in the blood are thrown out by the kidneys. The kidneys act as filters for such poisons. If we wish to prevent old age coming too soon and increase our chances for a long life, we should drink plenty of pure water and take a little Anuric," says the world-famed Dr. Pierce of Buffalo, N. Y.

When suffering from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, the simple way to overcome these disorders is merely to obtain a little Anuric (double strength) from your nearest druggist and you will quickly notice the grand results. You will find it more times more potent than lithia, and that it dissolves uric acid almost as hot water does sugar.

Get the "Prescription" from your druggist to-day—either liquid or tablets—of Dr. V. M. Pierce, Buffalo, N. Y., 10 cents for trial package of the tablets.

CHILDREN ARE AIDED BY RED CROSS

American Red Cross Starts Hospital in France to Care for Suffering Children

TUBERCULOSIS IS FOUGHT

American Doctor Cables of Cruelties of Germans and Need For Medical Equipment

(By United Press.)

Washington, Nov. 2.—Children's relief in France by the American Red Cross now includes a campaign against tuberculosis and children's diseases. A children's hospital has also been opened at Toul, by the Yankee nurses.

A cablegram describing the work of the American children's bureau gives a fresh insight to German frightfulness. The little town of Nesle was looted.

The American doctor found more than 1,000 children there practically with no medical care, all miserably dirty and one-half of whom were infected with skin or eye lesions. The report continues:

"The equipment for any medical care was extremely meager; one old hospital stripped of all its apparatus; one aged civilian doctor left without drugs or means of getting them, villages to look after besides his army duties. 'Twas an acute situation.

"Nesle immediately offered a tuberculosis pavilion if the American Red Cross would help. The doctor's recommendations upon his return were immediately accepted.

"The Children's Bureau began work by installing a central depot at Nesle with ten beds as a clearing house for the district, and by equipping an automobile as a traveling dispensary, with shower baths. The car visits the villages on a daily round with one good trained nurse and two aides."

Amusements

"Very Good Eddie," the smartest and brightest musical comedy success New York has known in many years and which scored such a tremendous hit when presented in Indianapolis last year has been secured for a return engagement at the Murat theater, Indianapolis, for five nights and two matinees, beginning next Tuesday, election night. Matinees will be Wednesday and Saturday.

The original production of "Very Good Eddie" was still continuing its thirteen months engagement in New York last season, but its fame had spread throughout the land and there were so many requests for an early view of this delightful show that several "Road" companies were organized to supply this demand. It was one of these companies that visited Indianapolis and its success was really emphatic. But the forthcoming engagement will be played by the number one attraction with all the Broadway favorites who shared in the metropolitan run of the piece, and with the Princess Theatre, New York swagger fashion chorus which gave Manhattan playgoers such a rare treat for the eye.

It is needless to go into details concerning the rare merits and unusual qualities of "Very Good Eddie" its book by Phillip Bartholomae and Guy Bolton, keeps the audience in constant laughter while its music by Jerome Kern, contains a score of the most tuneful melodies heard in years and an augmented orchestra is employed to do it justice. The cast includes Denman Maye, Georgia Mack, Harry Meyers, Helen Raymond, Florence Earle, Theodora Warfield, Lavinia Winn, Harry Linkey, Dean De'Briac, Ealing Ford, Ralph O'Brien and thirty others.

Commencing November first, there will be a war tax of 10% of the cost of theatre tickets.

The Murat agent in this city is Hargrove and Mullin. Tickets can be had there for any performance.

PAY TELEPHONE TOLL

Don't overlook to pay your telephone toll before Nov. 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. V. SPIVEY, Secretary.

Mr. Edison's New Art

Ask for the New Edison, the New Edison instrument which

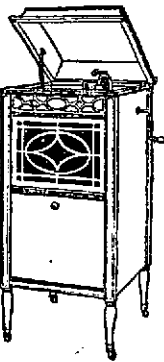

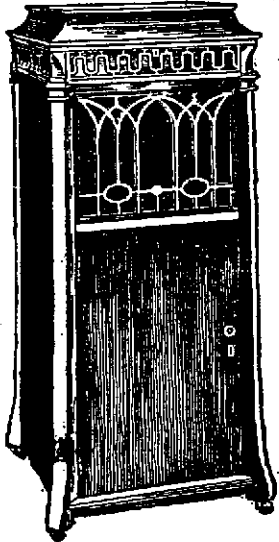

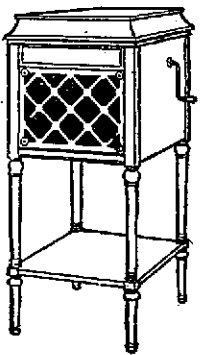

RE-CREATES MUSIC

No one except a scientist who had stood at Mr. Edison's elbow, day by day and night by night during the four years' research work which culminated in this new invention, could give you the reasons why this instrument is the best.

Edison's Re-Creations of Music differ utterly from talking machine records. They re-create every tone of the original music.

The permanent diamond point and the records last indefinitely.

CALL AT OUR STORE AND ASK FOR COMPLIMENTARY TICKET ADMISSION TO HEAR IDA GARDNER SING IN COMPARISON WITH HER RECORD. HEAR THE EXACT REPRODUCTION OF HER VOICE.

Hargrove & Mullin

To the Voters of Rushville City:

As a majority of the present City Council is again asking for your support, we would set out a few of the things that the administration has accomplished.

When we took office on Jan. 4, 1914, there were \$2,721.43 turned over to the present City Treasurer from the former Treasurer. We found an indebtedness of over \$20,000.00 in money borrowed from the banks and in old claims turned over to us. Money borrowed from the banks was bearing 6% interest on notes. We refunded that debt by issuing bonds at 4%. There were also a number of law suits pending against the City, which we have gotten out of the way.

We found the water supply insufficient, but we have been able to keep a good water pressure at all times. We have the water and light plant on a paying basis, having a surplus at this time of over \$8,000.00. We have refunded water meter deposits and put in new water meters to the amount of over \$12,500.00.

We have paid all maturing bonds, with interest, amounting to over \$19,000.00. We have reduced the tax levy 10c, making our tax levy for the coming year \$1.05, and, if the candidates on the Republican ticket are elected, we believe that the taxes can be further reduced the coming year, as we now have on hands over \$21,000.00 in cash, none of the December draw being touched and all current bills paid.

We have made street and alley improvements and feel that the streets in the city have been well cared for.

We are also paying \$40.00 a month for the visiting nurse, a thing that had never been done before.

As all of the candidates on the Republican ticket are careful and conservative business men, we guarantee that if you will elect the ticket, we will continue the good service that the past administration has given. If this merits your support, we would be very glad to have it.

U. S. ENGINEERS IN ACTIVE SERVICE

Entire Railroad System in Charge of
Sammyes—From Office to
Track

FIRST AMERICANS IN THE WAR

Within Range of Boche Guns but
Thus Far Have Been no Casualties

By J. W. PEGLER
(By United Press.)

American Field Headquarters, France, Oct. 12 (By Mail)—Some-where in an active sector, the American Railroad Engineers are running trains right up to the front. They are the first American regiment to come under shell-fire in the Great War.

An entire railroad system, from the general manager's office to the beat of the lonely track-walker has been handed over to the Sammyes by the French War Office. Trains manned by American boys are moving on a strict schedule, carrying shells for the guns, food for the French troops and the daily movement of polius going forward or coming back on leave to rest.

Temporarily the regiment is loaned to the French for the operation of that railroad. The Sammyes may stay on the job there for the duration of the war or they may be shifted to some other line. They get French rations and their road is a part of the French system. But they wear their own uniform, draw American pay, and run the road by their own method, which means economy of man-power.

At some points their line is within the range of the Boche guns and shells crump at random along the right-of-way. At night there is danger of Boche aeroplanes slipping through the tight French aerial patrol and bombing the Sammyes at work. This has happened, but so far out troops have had no casualties.

It was with engineers last night when they marched to the troop train to move forward. The move was made without any unnecessary sound to guide Boche air-raiders. Along pitch-dark streets they swung through the town to the music of their own hob-nails beating on flint pavements. The bandsmen were there with their horns smothered in green kimonas to prevent the moonlight from glinting on the brass.

The American commander kept the time of departure secret so that half the town would not stay awake till one a. m., to see his boys off.

Breaking into single file the Sammyes stepped out of the darkness into the American Red Cross buffet at the railroad station, stowed away their rifles and steel helmets and lined up for free chow.

Fifteen American women, worked like biscuit-pushers in a beanery and when they began to lose ground against the crush of hungry Sammyes the colonel himself jumped behind the counter and poured coffee out of a big pail.

There wasn't much time. The troop-train slid into the station, the Sammyes piled in, forty to a car and the officers clambered into their coach.

Up forward the whistle tooted cautiously; a lantern flashed and the train moved out carrying the first American Sammyes to the front.

And some of them aren't coming back.

"READ BIBLE" IS ADVICE

William Lyons Phelps of Yale Addresses Teachers

(By United Press.)

Indianapolis, Nov. 2.—"Read the Bible."

This was the advice given teachers attending the annual convention here today by William Lyons Phelps of Yale university. Dr. Phelps told the teachers that if they would become English or history scholars, they must know their bible. Other speakers at today's sessions were: Cora Wilson Stewart, who spoke on "Moonlight Schools;" Thomas H. Briggs, New York City, "The Meaning of War to Secondary Education;" Dr. Russell H. Conwell and Charles C. Gorst.

Mrs. Raymond Bowles and daughter Mary Elizabeth of Mays were the guests of Mr. and Mrs. John Brown Tuesday.

The Fairview division of the Connersville chapter of the Red Cross met at the home of Mrs. Elmer Thomas Tuesday afternoon. The next meeting will be at the home of Mrs. Mary Saxon in Fairview Tuesday of next week. The Connersville auxiliary ranks second in the state for the number of articles sent out.

William Carson of near Glenwood was in Fairview on business Wednesday.

Mrs. John Rees and daughter Clara of near Longwood visited Mrs. Caroline Caldwell Wednesday.

Mrs. Lutisha McClure of Glenwood and her daughter Mrs. Morton Moffatt of Indianapolis were the guests of Mrs. Caroline Caldwell Wednesday night and Thursday.

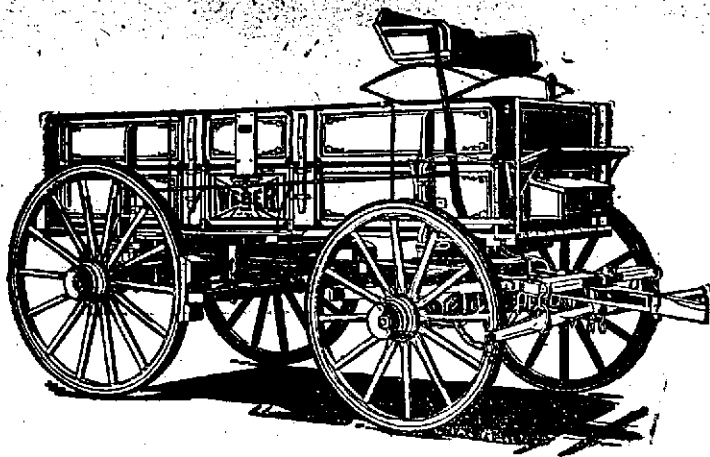

STOP CATARRH! OPEN NOSTRILS AND HEAD.

Says Cream Applied in Nostrils
Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Men's articles. Sample Shoe Parlor. 19719.

WANT ADS BRING RESULTS

Come In and See the Weber Here Are More Big Points

YOU will be interested in looking over the hound, hub, skein and skein box construction. On the Weber the hounds are of straight-grained oak; on the front gear they are of the same type, wide and roomy in the rear, to give the reach ample support in turning short. They are mortised and well braced with solidly welded steel. Hubs are of white oak only, turned, shaped and bored accurately for the skein boxes. Skein box is made so that a grease chamber is formed. A solid collar keeps the oil away from the wood of the hubs. Mud and sand cannot get into the axle and the skeins cannot wear into the skein boxes. That means long life and good service.

These are all reasons why you should have a Weber wagon—that is— if you want a wagon for real work. Come in and let us show you.
